\$140,000 Finding for Lowell Couple

FINDING FOR LOWELL PEOPLE AGAINST BROKERAGE FIRM

Auditors Report Finds for Edwin A. and Laura E. Simpson of This City to the Amount of \$140,000 in Action Against Bright, Sears & Co.

The decision of Samuel C. Bennett, master and auditor in the litigation between Edwin A. and Laura E. Simpson and Bright, Sears & Co. of Lowell, finding for the Simpsons in the amount of approximately \$140,000 in the three actions involved, have been filed in superior court. Arguments by counsel before Judge Nelson P. Brown, on special assignment in jury waived cases, were concluded in Lowell this week and the court has held final decision in abeyance. The court decision will be announced after the court's review of the master's and auditor's decisions, the arguments of counsel and the review of briefs submitted at the close of argument.

LOWELL SAILORS HOME ON SIX-DAY LEAVE

Arthur Booth, chemist of the state department of health, came to Lowell today in connection with the investigation of gas nuisances at the Cabot Street school and spent the entire forenoon in the collection of samples of sewage in the trunk line sewer which passes the school on its way from upper Broadway to the Merrimack river at the Allen street bridge. These samples will be subject to analysis along with air samples taken at the school and in nearby dwelling houses a day or so ago.

Health Agent Francis J. O'Hare accompanied the state expert today with an employee of the sewer division. All samples were opened in the trunk line sewer from the river to a point above the Gas Co. plant in School street.

GOVERNMENT ASKS DE- LAY IN THE TRYON CASE

The Tryon Knitter Company case, involving alleged fraudulent use of the mails, scheduled for preliminary hearing before United States Commissioner Walsh tomorrow will probably be continued one month.

Assistant United States District Attorney William J. White informed the commissioner this morning that the government wishes a delay until the federal grand jury, which is considering the case, completes its deliberation.

War-Time President of U. S. Has Sudden and Decided Turn for the Worse

WASHINGTON, Feb. 1.—Woodrow Wilson, war-time president of the United States, lies near death in the home here which has been his place of seclusion since he left the White House.

A digestive disorder, first noticed several days ago, developed a condition during the night that was described by his physician, Rear Admiral Cary T. Grayson, as "very serious."

A crisis is believed likely before the day is over. The members of his family have been summoned by Mrs. Wilson, who is in constant attendance at the bedside. Three physicians also are in attendance and an operation may be necessary. Dr. Grayson in addition to the force of two nurses and an orderly, already on duty, called in during the morning Dr. Sterling Ruffin and Dr. H. A. Fowler, both of whom helped care for Mr. Wilson while he was ill in the White House.

Aside from the physicians, only a few of the former president's closest friends were admitted to the house. Vance McCormick, former chairman of the democratic national committee leaving after a short talk with Mrs. Wilson, said that death might come today or might stay its hand until tomorrow.

President Coolidge was one of the first to send a message of sympathy. When he heard of the serious situation of his predecessor, he and Mrs. Coolidge conveyed a message in which they included a prayer for recovery.

Already weakened by more than four years of suffering, he has sustained during the past few days a digestive disorder, at first regarded as more or less harmless, but now threatening to prove too much for him to master.

Yesterday his condition showed some improvement, and when he retired for the night, it was hoped he might be on the road to recovery. He slept little, however.

ANNEXATION FAVORED AT DRACUT MEETING

An enthusiastic meeting of Dracut citizens was held last night in the firehouse in the Kenwood district. The big gathering at the meeting which was called primarily for a discussion of articles in the town warrant was made up mostly of citizens from District four, which takes in all of the various parts of Dracut stretched along the river from Lowell to Methuen. Other parts of Dracut, however, were well represented and the firehouse was filled to overflowing.

After the articles in the town warrant had been discussed and enthusiastic reference had been made to the coming town meeting, the annexation question was touched upon and the prevailing sentiment was that if Lowell would treat them fair on the question of valuation they would favor annexation to this city.

MEETINGS GALORE AT CITY HALL TONIGHT

Plenty of action will be on tap at city hall tonight, with scheduled meetings of the city council, the school committee and the finance and public property committees of the council.

The council meeting is a special session called for the drawing of jurors, but other business may be transacted, although it is not expected any action will be taken on nominations submitted by the mayor. The school committee will receive a report from its sub-committee on salaries and will begin consideration of its 1924 budget.

The council finance committee will discuss loan orders already suggested and referred to it and the public property committee among other things will consider the report of architects on the reconstruction of the old Durkee house.

Condition Very Serious

"Mr. Wilson had a restless night and has lost strength," said Dr. Grayson, after he had assessed minutely the changes of the past few hours. "During the night, he took a sudden and decided turn for the worse. I regard his condition as very serious."

Dr. Grayson had spent the night at the Wilson home and with Mrs. Wilson, was in constant attendance at the bedside. He had returned to the capital yesterday from a trip into North Carolina, after word had reached him that the former president had developed symptoms of a new character.

The present complication, although a surprise to those who have been accustomed to see Mr. Wilson taking his daily automobile ride through the city, or his weekly trip to the theatre, was not wholly unexpected to his physicians.

Outwardly the former president had appeared to be in large part his old self except for a deepening of

LOWELL DANGEROUSLY SHORT ON FIRE ALARM SIGNAL BOXES

Circuits Are Already Overloaded and No Extra Boxes Will Be Installed This Year—New Box at Billerica and Woburn Streets

Although several sections of the city are badly in need of more fire alarm boxes, none will be installed this year, due to already overloaded circuits.

The department this week finished the installation of a box at the corner of Billerica and Woburn streets, number 11, which gives that circuit 10 capacity load, and this will be the only new box in 1924.

The present fire alarm system has no duplicate, every one carrying many more boxes than the number considered safe by the fire underwriters, in some instances the load being as high as 30 boxes and although the need of more boxes, particularly in the Highlands, Belvidere and Centralville, is great, no relief is possible under the present system.

The lack of signal boxes in the upper Highlands, in that extensive residential territory south of Westford street and west of Stevens street and extending on Stevens street, is marked. In that entire territory, which also extends out Pine street to its intersection with Westford at the end of the car line, there are only two boxes, one at Pine and Marlborough, number 55, and the other at Stevens and Parker, number 55. On the outskirts of this territory there is a box at Pine and Westford streets, but that rapidly growing area south of Pine street, taking in Highland avenue, Hawthorne, Highland, Hubbard, Ruth, Latta, Walden and Parker streets, Gibson road, Florence avenue, Sanders avenue and Georgia avenue, is without any fire alarm signal service and that circuit already is carrying a peak load.

Paralleling conditions exist in Belvidere, particularly out Andover street, where there is no box between the one at Butler's driveway and Clark road. In the Highlands there is a box at Westworth avenue and Greenwood street, one at Parkview avenue and Hovey street, and one at Rogers and Fairmount streets. In Centralville, there is no box in Bridge street between Tenth and Eighteenth streets.

STATE STILL WORKING ON GAS NUISANCE

The group of Lowell boys who enlisted in the navy early in December, 1923, has received a leave of six days, and the various members arrived in this city today to spend the forenoon at home. Although it is customary for the men of the training station to receive a five day furlough, it has been shortened this time in order that they may catch the next transport leaving for the Asiatic fleet. The men who are included in the party are: Thos. A. Barrett, 10 Kinsman street; Albert Smith, 288 Washington street; Jos. L. Morgan, 102 Rushing street; John Sheahan, 29 Front street; and Fred. Carter, 38 Church street.

Frank Duffy of 27 Newhall street, seaman first class, who has been spending a 20-day furlough leave at home, received orders this morning to report to the U. S. S. Radlich for duty, this afternoon.

WILL NOT RECOMMEND WAGE INCREASES

That the budget and audit commission will recommend no wage increase whatsoever this year in the submission of its figures to the mayor is the belief at city hall. Chairman Tyler A. Stevens said today the commission will complete its work early next week and will have the budget ready for presentation to the mayor with the exception of the school department, which appropriation has not yet been made up.

The commission has not arrived at final figures in relation to several appropriations, including the police and fire departments, where extensive wage increases are requested, but the preliminary work is above and over the commission does not anticipate any more hearings with department heads.

CLASS FOR WOMEN IN PUBLIC SPEAKING

A university extension course in public speaking and parliamentary law will get under way in St. Patrick's school hall next Tuesday evening at 8 o'clock, with Mrs. Elizabeth L. Since the introduction of university extension work in St. Patrick's, much progress has been noted. The parishioners are interested in the work and aware of the benefits derived. The pastor, Rev. John J. McGarry, D.D., and Rev. Thomas J. McDonough, who has charge of parishioners, heartily endorse the class which starts Tuesday evening.

LIEUTENANT GOVERNOR GUEST AND SPEAKER AT LOWELL AUTO. SHOW LAST EVENING

Lieutenant Governor Alvan T. Fuller, honored guest of the Lowell Automobile Dealers' Association at the Memorial Auditorium last evening, received a splendid greeting from a throng of auto show enthusiasts of both sexes. Under the handsome motor car exhibits in every space and corridor of adjoining displays and offered his cordial congratulations to the show management, wishing the sponsors a most successful business season.

Though not a native of Lowell, the birthplace of the commonwealth, Mr. Fuller was right at home for this is his third Lowell show and he is pleased to know everybody who is a body in Lowell automobile.

From his entrance to the Auditorium early in the evening for the dealers' association, Mr. Fuller, until his public appearance, was a part of the organization, the lieutenant governor, looking happy and admiring it, thoroughly enjoyed the reception planned in his honor.

The distinguished guest's appearance at 8 o'clock on the main floor in the bank of a crowd of men and women showgoers, was the signal for applause that lasted nearly a minute. No platform was needed and none desired. Standing in the center of the

that business principals might be applied to governmental affairs and that the government might be conducted in a businesslike, efficient and economical manner.

Motor Car Industry
Speaking as a member of the motor car industry, the lieutenant-governor continued:

"We often hear of what is called the saturation point in connection with the manufacture of automobiles. In my humble opinion, I do not believe that the peak of production of motor cars has yet been reached. On the contrary, I feel that within a comparatively short while we will see a greatly increased output from the manufacturers."

"This, of course, will lead to increased competition among the dealers, but let us not lose sight of the fact that competition in the automobile business differs widely from competition in other lines. This is because competition is not strictly on the basis of price alone, as would be the case with many other products, such as foodstuffs, cotton and woolen goods, and so on."

"For this reason, competition in the automobile business filters down to competition within certain classes of motor cars having about the same price, but even there the matter of competition is affected by line, color, body design, certain details and differences of motor construction, and other features, all more or less exclusive on each particular make of car."

"In other words, the manufacturing of automobiles falls into the realm of proprietary articles, so that there is only one of many elements that the prospective buyer has to consider. It is for this reason that I can conceive of a greatly increased production in the manufacture of motor cars, and yet certain established and well-operated automobile distributors might not see the largest increase in their earnings they had ever experienced."

At the luncheon served in a room adjoining the main auditorium at seven o'clock, when the lieutenant-governor reached the building, he spoke briefly and informally, extending thanks for the invitation and praising the high quality of the automobiles shown for their exhibition of alert business acumen and willingness to show their wares to the public in a way that is profitable to the dealer as well as the buyer.

He referred only sketchily to state and national affairs, but said there was need of better co-operation in certain phases of national activities that might be classified as clearing house.

Chamber of Commerce Day

day at the automobile show. Yesterday afternoon and evening attendance totals were up to expectations, the same eager interest being shown by all visitors in every new car and equipment display. Some sentiment indicates a stronger attraction for the more moderate-priced motor cars than was the case last year. Numerous second-hand models have been reduced in price to speed early 1924 sales orders, a feature that is attracting great attention from show devotees, many of whom are ready to buy new cars this year and are studying each and every favorite to their hearts' content.

Protecting Your Investments

YOU wouldn't put your money in an unsafe bank, nor would you be without fire insurance.

But how about insurance against the weather?

There's something your fire insurance policy doesn't cover, and it's just as important an agent of destruction as fire.

Your home represents a considerable investment. You would use the greatest care in buying stocks with the money your home cost, or in selecting a bank in which to deposit it. You would want maximum protection.

Consider the weather. Sun, rain, snow, heat, cold, frost—all these destroy property. And property which begins to decay loses in value. You need the best protection against weather you can buy.

SHERWIN-WILLIAMS PAINTS AND VARNISHES

are manufactured to protect your property against decay. That's the biggest reason why you should use them. They add to the life of your buildings and increase their value. Then too, they beautify your property as well.

Stop at our store. We have some interesting things to tell you about Sherwin-Williams high quality paints and your property.

CULBRANSEN The Registering Piano

Real Music—"As You Like It"

DO your own playing! It's so much more fun than to have others do it for you!

To go to your Culbransen—and actually play—gives you a real sense of accomplishment! It interests—satisfies! It is one of the most delightful experiences imaginable!

Delightful because Culbransen music is so expressive! So full of feeling—so full of life—you take a personal pride in producing it.

Accenting, for instance. That's important! For in any piece you play there's a strain of "melody" you must pick out and accent properly, to give it a pleasing rendition.

But, where are the melody notes? In what part of the keyboard do they occur? With the ordinary player-piano that's a real problem. But by observing the Melody Indicator—a simple and convenient little patented guide—you know where the melody notes are, and just where to accent them, on the Culbransen!

The Melody Indicator greatly simplifies correct playing. In combination with sensitive "pedal-touch" and Culbransen Instruction Rolls, it is the thing that makes musicianly playing possible!

WASHINGTON, Feb. 1.—The wealth of the states of New Jersey, Vermont and Louisiana showed a large increase at the close of 1922, as compared with 1921, it was disclosed today in announcements from the census bureau. New Jersey's wealth was \$11,791,101, an increase of 25.4 per cent, with a per capita wealth of \$3524, an increase of 25.7 per cent. Louisiana's wealth was \$2,110,500,000, an increase of 25.0 per cent, with a per capita wealth of \$3521, an increase of 25.7 per cent. Vermont's wealth was \$240,000,000, an increase of 4.6 per cent, with a per capita wealth of \$1355, an increase of 6.9 per cent.

WAS NEARLY TWO MONTHS IN HOSPITAL

Charles P. Richardson, agent of the Lowell Humane society, appeared in public today for the first time in almost two months when he visited the police station and his own private office, where his familiar figure had been conspicuously absent since a serious illness confined him to the Lowell General hospital. Although the ordeal naturally weakened his physique, Agent Richardson looks well and hopes to regain complete health as time goes on. He was forced to support himself with a cane today, the lengthy confinement to a hospital bed having weakened him considerably.

FATHER AND SON DIE OF GAS POISONING

WOONSOCKET, R. I., Feb. 1.—Two of the gas poisoned trio removed from their home late yesterday afternoon to the hospital died this morning without recovering consciousness. Thomas Aubin, 18, and his son Aldous, 15, were those who succumbed to the effects of the fumes, while the second son, Edmund, 16, is not expected to recover. The father and sons were employed in a local mill and their absence from work yesterday led to the discovery of them unconscious in their home, this sons in bed and the father lying on the floor.

WINTER CARNIVAL

Some Lowell people may be interested in the announcement that Essex Sanatorium, where a few local boys are stationed, will conduct a winter carnival on Feb. 14-15. There will be a hockey game between two leading college teams, fancy and speed skating by professionals, dancing on the ice and other sports. The proceeds of the affair will go toward an entertainment fund.

Most two months when he visited the police station and his own private office, where his familiar figure had been conspicuously absent since a serious illness confined him to the Lowell General hospital. Although the ordeal naturally weakened his physique, Agent Richardson looks well and hopes to regain complete health as time goes on. He was forced to support himself with a cane today, the lengthy confinement to a hospital bed having weakened him considerably.

The agent's visitations this morning were not of an official character. He just wanted to see his friends again, he said, after what seemed to him a lifetime absence. He is grateful for the many gifts of flowers and other remembrances sent to him while at the hospital.

DO NOT SUFFER FROM PYORRHEA

Bleeding Gums, Sore Mouth or Loose Teeth

A marvelous new remedy has been discovered that will safely and quickly cure all kinds of bleeding gums and prevent pyorrhea. This destructive disease of the gums and teeth is the cause of many ill health conditions, including heart and stomach troubles and general run-down condition. This preparation is called

"GAPALINE LOTION"

and is the prescription of a specialist. It is used and recommended by the members of the dental profession and they are attaining unequalled results. It is scientifically formulated that effectively purifies all parts of the mouth and throat, thereby preventing the growth of bacteria and the formation of tartar. It is a preventive. You will be benefited, for it is positively of native and different than any other you will also like it because it is refreshing and very pleasant to the taste.

Start using it today, as a mouth wash, can be sprayed on the teeth brush, sold by all druggists for 50c. Adv.

BIG MEETING TONIGHT IN NORTH CHELMSFORD

Tonight's the night in North Chelmsford. Everybody is talking about the public meeting scheduled for Silesia recreation hall, where citizens of the community, strongly in favor of a separate village charter or annexation to the city of Lowell, are planning to exhibit their hale and hearty sentiment for the good of North Chelmsford in a manner that will impress all people at home and abroad.

Agents R. E. Gilmore of the Silesia mills is leading the campaign for North Chelmsford betterments and possible succession from ancient Chelmsford incorporation. Men and women, not only residing in North Chelmsford, but many from West Chelmsford, are to make an effort to attend the rally in Silesia hall tonight, and speak their views in meeting assembled. Town officials have received invitations to be on hand also. The meeting will be called to order about 8 p. m.

MATRIMONIAL

The marriage of Mr. Thomas Cavanaugh and Miss Sarah Quinn took place Wednesday evening at 5:15 o'clock at the chapel of the Immaculate Conception church rectory, with Rev. Lawrence F. Tighe, O.M.I., performing the ceremony. The bride wore white chiffon trimmed with Chantilly lace and had a veil caught up with orange blossoms. The bridesmaid, Miss Elizabeth Quinn, sister of the bride, wore orchid crepe trimmed with Irish point lace. The bride carried a bouquet of white sweet peas and lilies of the valley and the bridesmaid carried Columbia roses. The best man was Mr. John Cavanaugh, cousin of the bridegroom.

A reception was held at the home of the bride, 5 Shaffer street, where a wedding supper was served by the Lyon Catering Co. The ushers at the reception were Messrs. John and Paul Orchard, nephews of the bride. The bride's gift to her bridesmaid was a silver bracelet, and the best man was presented a gold watch. The ushers received silver pencils, cigars were present from Worcester, Boston, Springfield, Quincy and Niagara Falls. After a wedding trip, Mr. and Mrs. Cavanaugh will make their home at 8 Shaffer street.

Wiggin-Covell

Miss Berdena Covell of 29 Burlington avenue, daughter of Mr. and Mrs. Meridian Covell of Newport, N. H., and Mr. Wesley J. Wiggin, also of this city, were married last evening, by Rev. W. J. Seitzer, pastor of the Central Baptist church, at his home at 6:30 o'clock, with immediate relatives attending the ceremony.

The bride was prettily gowned in dark blue Canton crepe with hat to match and carried a bouquet of arid roses and white sweet peas. She was attended by her sister, Miss Daisy Covell of Newport, N. H., who wore blue Canton crepe and carried pink roses. The best man was Mr. Clyde Gray.

After the ceremony, a wedding supper and reception were held at the home of Mrs. Elizabeth Guston of 29 Burlington avenue. Later in the evening Mr. and Mrs. Wiggin left for a wedding trip and will be at home to friends after Feb. 15 at 440 Westford street.

The bridegroom's gift to the bride was a beautiful diamond set in platinum. The bride's gift to the bridesmaid was a silk umbrella, and the bridegroom's gift to the best man was a set of cuff links.

AMUSEMENT NOTES

R. F. KEITH'S THEATRE

The comedy "Doubt," which Paul Becker & Co. are playing at the R. F. Keith theatre, this week, is one of the best yet written by Edwin Burke. It holds cynical moments, but the repartee and the situations make it thoroughly enjoyable. Wade Booth, baritone singer, probably the best routine of some number heard in a local theatre in a long time. They are admirably given, and he stays on his feet nearly half an hour, likewise perhaps the best ventriloquist. Turn seen here in many years is that by Walter and Emily Walters. This holds situations and the interchange of fun is of first rate quality, including Gen. M. Fisher and Henry Hirst, in "Hairs," Joan La Crosse, California's favorite soprano, and the Boston expert jugglers. The picture feature is "The Broad Road."

"HUMAN WRECKAGE"

Convincing and sincere, characterized by the delicate treatment of a cast of world-famous artists, freed from all the gruesome of melodrama and carefully revealing the truth, with careful regard to detail, Mr. Walter Reid's moving picture indictment of the narcotic menace, "Human Wreckage," opening at the Keith theatre next Monday, impresses with all its power. It is a picture, the equal of which you may never see again, for it is a cry wrung from the heart of a woman who has spent the best years of her life in combat the terrible evil of narcotic addiction. The spirit of this fine woman pervades every scene of colossal picture lesson. It is a story of the life of a woman, the moral struggle, which James Kirkwood as the lawyer foe of the narcotic peddler, splendidly portrays; in the pathetic appeal for support which Jessie Love, as the young addicted mother, puts up for herself and her baby, to save them from a living death; in the powerful action of Mrs. Reid herself, who as the lawyer's wife, conveys the sincerity of her purpose to strike a vital blow at the forces of evil.

REALTY THEATRE

William Russell, virile Fox star portrays a character in "Times Have Changed," which is indeed quite different from anything in which he has ever appeared. This popular star can be seen at the Realty theatre where he is being shown in this new William Fox production. "Times Have Changed" is a quaint little story, which surely please and entertain all those who are fortunate enough to see it.

"The Bohemian Girl," a screen version of the famous operetta by that name is the companion attraction. Don't let anyone tell you that there's "nothing new under the sun." It's a safe bet that you haven't seen any-

TAILOR SHOP IN TOWN

Right after Christmas my shop didn't have orders enough to wad a shotgun; most of my tailors had to lay off. They needed the work and I wanted to keep my organization intact, so as to be ready for the Spring rush. I then decided to sell clothes at less than cost. The orders poured in. Last ten days I sold over two hundred orders. This week I hope to do even better. This shop of ours is, I believe, the happiest shop in town. Join the fun and at the same time save fifteen to eighteen dollars on your order.

picture that is quite like "The Bohemian Girl." A fine cast interprets this interesting story.

MERRIMACK SQUARE THEATRE

"Three Aces," Buster Keaton's first full-length feature, now playing at the Merrimack Square theatre, is classified as a lighthearted love, marriage and business. Beginning with primitive man, Keaton depicts vividly the life of the race man era and then swings into the triumphant career of the Roman empire. Here there are several massive scenes, principally among which is a duplication of the famous Colosseum. The modern age comes in for its bit also as it is Keaton's purpose to show how little human nature has changed in the course of the centuries. It's one of the best pieces of work the famous comedian has ever done. Other attractions are Foot Gibson in "Tough Dealing," a comedy and the latest News Weekly.

LOWELL OPERA HOUSE

"Why Don't My Dreams Come True" is the title of the specialty number sung this week by Miss Lillian Desmonde, leading lady of the Lutteringer Players, which is attracting much favorable comment. Miss Desmonde is possessed of a rare, rich voice that makes a strong appeal to her audience. The backed audience, which have marked this week's run of "The Bohemian Girl," have been unanimous in their approval of her rendition and at every performance she has been cheered again and again.

There is a bit of a newspaper twinge to the story of that song, which by the way is one of the fresh Victor record releases. It was written by John A. Flood, a copy reader of the Evening N. J. Evening Times as a part of a special musical show which he wrote. This show was written especially for Bayonne, N. J., and it is at any time she desired to be in Lowell with this week's show and Mr. Flood is fortunate in having such an act as Miss Desmonde introduce to her.

William Chapin, a new leading man of the Lutteringer Players, makes his bow this week. While his part is not as long or as exacting as might be wished, he makes the most of it and puts it across in a class style. He struck a popular chord with his audience, and was

quite so easy to like and a genuine 100 per cent romance pops into being. "Flaming Youth," with an all-star cast is described as one of the most interesting picture plays of this age of jazz yet brought to the screen. It is being shown to rapidly audiences daily. Today and tomorrow offer the last chance of seeing this startlingly bold picture. See it and benefit.

The second feature presents Douglas MacLean and Edith Roberts in "The Singing Trail," a great romantic comedy.

THE STRAND

"She is too easy to love to suit me," says a young man, who has remarked this to another with reference to some young girl of his acquaintance, but not all of the dappers of today were as fortunate as the screen heroine in "Flaming Youth." The startlingly sensational photoplay now being shown at The Strand, Colleen Moore plays the role of the dapper and she capers from one cliff love to another until the dropping of that remark in her unsuspected presence but a new twist to the plot. After that Colleen is not

New Car That Catches the Eye

DODGE TYPE B SEDAN

"The fact that Dodge Brothers have now built more than 1,000,000 cars and that 90 per cent of this million are still in service, proves conclusively that they have held steadfastly to the original ideal. Even when quantity reached the million mark, quality still had first consideration, and will continue to have, as long as Dodge Brothers cars are built."

Paul O'Brien, proprietor of Lowell Motor Mart Inc., and local distributor for Dodge Brothers cars of every line at Moody, Tilden and Columbia streets, considers the above statement as representative of Dodge claims as well as Dodge performance, and a host of patrons of the popular Dodge distribution agency in Lowell agree heartily with him.

The 1,000,000 mark has established a new production record in automobile fields. The first Dodge car ap-

peared Dec. 14, 1914. Strong public demand has given a constant impetus to Dodge Brothers' production from the very start. At the outset they were over-sold and have been ever since, despite enlargements of factory room and equipment.

While factory officials are pleased at the attainment of the 1,000,000 mark in so brief a period, they attach far greater importance to the magnificent Dodge car records of service, stability and steady popularity. This popularity is indicative of a constant betterment of the product as compared with the early days of experimentation and uncertainty.

There are cars of Dodge Brothers' production in 1912 and 1913, still performing valiantly and good for many more miles of service. Some of the models in the first years were, in-

ACCIDENT VICTIMS IN
LOCAL HOSPITALS

Seattle Blaney, of Westford, who sustained a fractured skull in an automobile accident on Wednesday afternoon, was reported as much better by the Lowell General Hospital this morning.

St. John's hospital reports the condition of James H. Tracy and John Phil as greatly improved this morning. Tracy, a member of those 13 was injured when he fell from the fire-truck responding to an alarm recently, and Phil was struck by an automobile, cutting around a street car on Gordon street, with injuries to back, head and legs being reported.

INVESTIGATING THE
ISOLATION HOSPITAL

The special committee of the city council appointed on recommendation of Councilor John W. Daly to investigate conditions at the isolation hospital, particularly in reference to reports submitted by Mayor John J. Donovan and the board of health, will hold its first meeting early this month and will proceed at once to take up the matter in all its phases.

Inasmuch as one section of the order authorizing the appointment of the committee gave it the power to summon witnesses and to take evidence, it is believed an appropriation will be necessary to cover such expenses and it is expected one will be provided.

MINERS' CONVENTION

Adoption of Report of Scale
Committee Would Leave
But One Problem to Settle

INDIANAPOLIS, Ind., Feb. 1.—(By the Associated Press).—Final adoption of the report of the scale committee in the United Mine workers convention today would leave only one big argument to be settled before adjournment. Delegates voted an overwhelming majority late yesterday for a renewal of the present wage scale, and today will consider the committee's proposal to seek a contract for a term of four years.

This disposed of the insurgents' chief plank, a six hour workday, and leaves them with one major issue still to fight for they will demand reinstatement of Alexander Howat, deposed president of the Kansas miners, as a member of the union. The fight will come when the committee on appeals and grievances reports.

Behind considering that section of the scale committee's report recommending "that the next wage scale cover a period of four years, beginning April 1, 1924, and ending March 31, 1928," the convention will act upon the proposal to empower a policy committee to act in any emergency, and in case of necessity, determine upon a general strike.

This committee, it is proposed shall be composed of the scale committee of the central competitive field, three representatives from each outlying district, the members of the international executive board and the international officers.

The report also recommends that outlying districts be authorized to enter into negotiations with the operators but that no wage agreement be signed until after the central competitive agreement has been secured, or special permission has been granted by the policy committee. The report also recommends that all contracts to the bituminous districts run concurrently and expire on the same date.

Mrs. Lewis expects that the entire report will be carried without serious opposition and that everything will be concluded so that the delegates may be on their way home Saturday night.

"FRUIT-A-LIVES" — ONE OF THE GREATEST
MEDICAL DISCOVERIES OF THE AGE

For Eighteen Years, This Famous Fruit Medicine Has Brought
Relief to Thousands of Sufferers

MR. VALIQUETTE
MR. MARINIER

The name and fame of "Fruit-a-lives" have spread all over the world. In Great Britain, these tablets made from fruit juices and tonics are in great demand. In the United States, practically every drug store in the East handles them and orders are steadily coming in from points throughout the West. Even in far-away New Zealand, "Fruit-a-lives" are meeting with gratifying success. During the eighteen years that "Fruit-a-lives" have been before the Canadian people, they have brought relief to thousands and thousands of sufferers. Gladly and freely, these grateful men and women have written of the almost miraculous powers of "Fruit-a-lives"; and one and all, they express the hope that other sufferers may heed their letters and in turn try "Fruit-a-lives."

Dreadful Eczema Relieved by "Fruit-a-lives"

Now, read this letter from Mrs. Joseph P. Marinier, 453 Arlington Ave., Ottawa: "For three years I suffered with weeping eczema on the back of my hands. I consulted our family doctor and other physicians; but all the treatments and salves gave me no permanent relief. I had practically considered my case hopeless when I started to use 'Fruit-a-lives' and 'Sootha Salva,' which I heard had relieved a friend of a similar complaint. In a short time, the eczema completely disappeared and I have not had a trace of it for four years."

Thanks to "Fruit-a-lives," Am Once More Well

Mrs. Honore Valiquette, 1133 Notre Dame St. West, Montreal, is deeply grateful to this famous fruit medicine. She says: "I wish I could tell every sufferer in the world what 'Fruit-a-lives' have done for me. For three years I was much troubled by bad headaches, nervous dyspepsia and liver trouble. Then I commenced taking 'Fruit-a-lives.' Very soon my condition improved and now, thanks to these wonderful tablets, I am once more entirely well."

Well Known Resident of Portland, Maine

Mr. Otis M. Bryant of 49 Anderson street, is most enthusiastic about this famous fruit medicine. He writes: "I was troubled with constipation ever since I can remember; as a result, I have suffered from distressing headaches and pain in my left side. I tried many and various remedies for the headaches and constipation, without receiving relief. About four months ago, I began the use of 'Fruit-a-lives.' Since then, I have been free of headaches, bowels regular, no pain in my side. After the use of several boxes of 'Fruit-a-lives,' I feel justified in pronouncing them a remedy of true and exceptional merit."

Take "Fruit-a-lives" and get well. 25c and 50c a box, at all dealers, or sent postpaid by Fruit-a-lives Limited, Ogdensburg, N. Y.—Adv.

Your Health
by Dr. C.C. Robinson
BY DR. CLIFFORD C. ROBINSON
BEWARE OF DOPE

The money annually wasted on narcotics or what is commonly called dope in the United States is more than a million dollars. A proportionately small amount of this vast sum would build and equip enough hospitals and sanitariums, camps and colonies to practically stamp out this monster evil.

By some strange twist of the imagination, the drug addict, dope fiend, snow bird or roke hound never seems to figure out the end of the period day or dream of delight in which he revels. In the meantime there is poverty and plenty of it, family breakups, loss of employment and physical degeneration.

An physician who has seen many such persons in their almost hopeless situations I give you, who are still on the high road of health, a timely warning: beware of the first temptation in cultivating the aid of any narcotic as a means of escape from pain or nervous headache. These mixtures are frequently made up of dangerous poisons, such as antipyrin, acetanilid and phenacetin. They readily affect the heart and circulation. Their use is a stepping-stone to more dope in order to quiet the already outraged nerves and glands.

Doctor Carlsson Simon of New York City, in an address before the Eastern Homeopathic Medical Association, had this to say about substitutes for drugs in the near future:

"I look for the establishment by international agreement of chemical plants where non-habit-forming synthetic substances will be prepared. Chemists will prepare for us on a commercial basis synthetic substances which will be identical in their chemical construction and in their physical effects as are the products derived at present from narcotic plants, and thus make it unprofitable to cultivate the narcotic products. Cocaine and heroin will in a short time be universally made synthetically, as is Indian."

MATHEWS TO REPEAT THEIR BIG SHOW

Repeating an amateur production is no very task, particularly a show like the Mathews' "Follies and Frolics of 1921." Regarded by the great majority of those who attended as the distinct hit of the season, it is essential that the repeat performance should equal the initial presentation in every respect. Every care has been taken by the Mathews committee that next Tuesday evening's performance will conform to this rule exactly.

Fortunately for the success of the show the talented entertainers who filled the leading roles have shown a commendable willingness to repeat their efforts. The program, therefore, will be absolutely unchanged. This means a great deal to prospective patrons, since the cast is considered one of the strongest ever grouped on a local program. The dancers who contributed so greatly to the variety of the production by their clever work in the dancing specialties will again perform in the repeat show and the chorus will be present in full strength. The entire company will be held, starting this evening, and "checked" Thornton will be on hand to put his charges through their paces in order to make certain that everyone will be keyed to the highest pitch for the big night next week.

It is possible that the end men will have a great deal of new comedy on their program, since they are five wives one and all are not likely to be satisfied with doing their old stuff over again. Their comedy last Friday night was amusing in the extreme and a great many original stunts were put over. It is safe to predict that anything they may prepare for next Tuesday night will be equally good and original in every way. Gene Mullin's arithmetic, the slow motion baseball pantomime and the side-splitting antics of Dan Brennan, George Sullivan, Al Drouin, Tom Murphy and Charles Clancy convulsed their first audience, and the brilliant sextet may be relied on to provide an abundance of comedy.

Tickets are now available at the stores which assisted in ticket distribution for the first show, and the advance demand indicates a record attendance. All who desire to attend should make reservations at once.

OVERSTUFFED LIVING ROOM SUITES

IMPORTANT—An Overstuffed Suite that is made right should have webbed seat construction. You can tell; feel under the bottom of the divan or chair and if you can feel webbed straps covering securely the whole bottom, the suite is a good value. Beware of the steel braced construction—a cheaper substitute.

PAID ELOQUENT TRIBUTE TO THE VIRGIN MARY

"The modern world needs the spirit of the Virgin Mary," said Mrs. Victoria Booth Demarest, evangelist, addressing a capacity audience of women at First Congregational church yesterday afternoon. Next Thursday afternoon the evangelist will speak again to women only, taking for her next subject the problem of the modern woman, love, marriage, motherhood and divorce. The Memorial Auditorium may be secured for the second meeting.

Mrs. Demarest gave an eloquent eulogy of Mary, the Virgin, calling her "the greatest woman in sacred literature." She declared that "Christian churches have been significantly silent regarding Mary and are now suffering the consequence of that silence. She referred to religious world troubles of more recent moment and declared that "the tendency of human nature is to go from one extreme to another, and so we have gone from the extreme of tyranny in history to the extreme in anarchy."

"She felt because she was selfish. She consulted her own desires. Have you heard it said, 'I want what I want when I want it? That was Eve. Mary was chosen because of her absolute forgetfulness of self. Behold the handmaid of the Lord.' Self was her last consideration. God came first in her life."

"Faith rises above possibilities, into the world of the impossible. All generations may well marvel at the faith of Mary. Her soul pours itself out in glorious song, the Magnificat. And the whole world has marvelled at it. She had studied at the school of the Holy Spirit."

The evangelist concluded by saying: "There are very few that can stand the earthquakes in the religious world, very few that can stand the running away of the disciples. But they that stand shall share in all glory."

PASTEURIZED MILK

13 CENTS PER QUART

Beginning today distributors of pasteurized milk in Lowell and vicinity will charge 13 cents per quart and seven cents per pint for bottled lactated fluid.

This is a price-cut of one cent and, as predicted in The Sun yesterday, bound to come at this time as the natural result of greater milk supplies and a slightly curtailed demand owing to industrial conditions and seasonal supply reasons.

Last night's meeting of the market committee of the local milk producers was notable for its harmony and unanimity of opinion as regards the milk situation in Lowell and suburbs. Distributors have been discussing cutting prices for the past two weeks, and last night's action was not an impromptu move, having been long predicted as within the local milk distribution category of possibilities and absolutely necessary if the dealers were to continue to regularly dispose of their product.

Retail milk prices this year will be slightly lower all over New England as well as in Lowell, according to members who attended the New England Milk Producers convention in Boston, Wednesday.

BODY BUILDER

CONTAINS NOT OVER 15 ALCOHOL

I thought I would break a blood vessel. I was afraid to laugh, was unable to shut, had to quit smoking, and could not enjoy my food. My sleep at night was interrupted by the congestion and the coughing.

"Then, after having been convinced that nothing could help me (for I had tried almost everything), I bought a bottle of Allen's Lung Healer.

"Well, you can imagine my surprise and delight when the first bottle gave me manifest relief. The old 'whoee' began to disappear. I have just finished my third bottle and I want you to know how I now feel.

"The cough is gone. There is no more irritation, no more congestion, no more 'whoee', no more larynx awake nights, no more denying myself the pleasure of a smoke. I can now sing, laugh and eat to my heart's content. And I tip the scales at 120 pounds.

"You can imagine how grateful I am. Life is once more worth while living."

DANCING PARTY BY THE DRACUT GRANGE

Dracut grange conducted a very successful dancing party last evening in Grange hall—the first organization social event of the New Year. Old-fashioned dances were included in the program and favors were distributed to all dancers. Ice cream and cake were served at intermission.

The enjoyable social was in charge of Master Harry L. Proctor, vice-president; K. Bryant, Steward; Victor N. Clark, Treasurer; Ida E. Whiteley, Assistant Steward; T. Vincent, Hutton, Gatekeeper; Clara M. Chrysler, Chaplain; R. Harvey, Somers, Secretary; Howard L. Large, Treasurer; Harry M. Fox, Lady Assistant Steward; Helen R. Hutton, Corresponding Secretary; Emma V. E. Brown, Clara Minnie E. Clifford, Executive committee; Luther A. Root, Edward W. Bennett and Hiram E. Lincoff.

DIPHTHERIA CONTROL

Dr. Charles F. Simpson of this city gave an interesting and decidedly helpful address Wednesday afternoon before the members of Howe high school, Bitterica Centre, his subject being "Diphtheria Control." The Lowell physician, who is a member of the state department of health, described with much detail some of his preventive measures now being recommended to combat diphtheria. Many mothers of the school pupils were in the afternoon audience.

BOY SCOUT MEDAL

Thomas Smith, a pupil of the Bartlett school and a member of Boy Scout troop 22, St. Patrick's parish, will probably be awarded the Boy Scout medal for rescuing a drowning person. Young Smith assumed the role of hero when he helped rescue little Edith Lantry from the waters of the Pawtucket canal last week. Alfred Belland also figured prominently in the rescue.

FIRST FRIDAY OBSERVANCE

Masses were celebrated in all Catholic churches in the city this morning in observance of the first Friday of February. Holy hour services will be held this evening. Tomorrow is the Feast of the Purification or Candlemas day. Candles will be blessed in the morning.

Desirable Drug Store merchandise, at considerably reduced prices in all Liggett Drug Stores.

The Story of Rexall

TWENTY-ONE years ago forty progressive retail Duggists, inspired by Mr. Louis K. Liggett, combined to manufacture and distribute Drug Store merchandise. So well has this co-operative idea worked, and so sound were the policies and principles established, that today there are 10,000 Drug Stores selling Rexall and allied products in the United States, Canada and Great Britain.

The 280 Liggett Drug Stores, as part of this immense organization, take pride in this achievement, and to commemorate the TWENTY-FIRST REXALL BIRTHDAY we offer a representative list of Medicinal and Toilet Preparations fresh from our factories at radically reduced prices. The Rexall co-operative plan of manufacturing and selling on an enormous scale has made these reductions possible.

LADIES' NIGHT BY LOWELL GAELIC CLUB

A very successful ladies' night was held by the Lowell Gaelic Club in its quarters at 337 Central street last night. About 80 members and their lady friends were present and enjoyed an impromptu entertainment by members during the early evening and general dancing later in the evening. The dance numbers consisted mainly of Irish dances and quadrilles, although a few modern dances were enjoyed during the evening.

The committee in charge of the affair comprised the officers of the club as follows: T. J. Sheffield, president; John F. Murphy, vice president; James T. Leonard, treasurer; John J. Leonard, financial secretary and William Devenaux, recording secretary.

TYPOS ANNUAL BANQUET TO BE BEST EVER

The genuine success of the annual banquet conducted last year by Lowell Typographical union members in 1818 hall, secures measurably well for this year's event. The date is Sunday, Feb. 24, and the anniversary committee has engaged Liberty hall in Memorial Auditorium for the

festive gathering of printers and invited guests. All sub-committees have been appointed and all details are being worked out carefully and with expert attention to all that is best to complete a wonderful program of satisfying entertainment. The collection of gifts already received from a host of friends of the Lowell printers' fraternity indicates the strength of the "typo" popularity in central Middlesex beyond a doubt. John V. Donoghue, last year's toastmaster, will appear in this position again. Past President James M. Lynch of Syracuse, N. Y., is expected to be the

principal speaker and other leading typographical stars are also carded. Joseph M. Kelly, chairman; Thomas J. Durkin, Richard J. Donohue, Michael Labelle, Joseph Duggan, Harry Moyle, John Burke and other popular members of the Lowell printers' colony constitute the banquet committee. Members of the fraternity from Lawrence, Nashua, Manchester and Boston will also be here.

MEETING AT THE GREENHALGE SCHOOL

Miss Nathalie Marshall of the Lowell Child spoke at the Nutrition of children meeting at the Greenhalge school. She explained the necessity of food preparation, the necessity of sleep and recreation. She laid emphasis on the dangers arising from tuberculosis.

The following delightful entertainment program was given at the close of the talk: Piano selections, Miss Viola Brunet; violin solo, Miss Angela V. O'Brien; accompanist, Miss Frances O'Brien; costume dance, Miss Jeanette Steinhilber and Donald Lavender; reading, Mrs. Mary Evelyn Marshall.

At the business session which closed the meeting the following committees were appointed: Program committee, Miss Gillick, chairman; Miss Lucy Desmond, Miss Rogers, Miss Brooks, Miss Chalifoux, Mrs. Burris, Mrs. Covey and John G. Walcott; Social committee, Mrs. Cliff, chairman; Miss Alice Masterson, Miss Muldoon, Mrs. Garvey, Mrs. Qien and Mrs. Knudson. Membership committee, Miss Cochran, chairman; Mrs. Veazley, Mrs. Cossotto, Mrs. Fox, Miss Mary Dudley. Press committee, John G. Walcott.

NAVY CLUB DANCE AT ASSOCIATE HALL

Tonight is the night when the members of the Lowell Navy club will "rise and shine" at Associate hall on the occasion of the first dance run by the former tars. There is no doubt of the success of the affair, the advance sale having already taken 400 tickets.

for distribution and as many more promised. The purpose of the dance is to help in getting the club away to a successful start for the year by giving the treasury sufficient funds to promote sporting events in the summer and a Navy day next October that will be a hummer. The club also hopes that it will be able to run a real naval ball next year, instead of a dance. Special music and marionette features and decorations have been provided for this evening, and Harold J. O'Brien, dance committee chairman, reports that officers from the Boston school of the navy will be present. Tickets will be sold at the door.

The officers of the dance tonight are as follows: Skipper, Fred Emerson; Executive Officer, Francis Gossard; Paymaster, Harold O'Brien; Officer of the Deck, Horatio B. Luzzo; Junior Officer of the Deck, Arthur Moran and Quartermaster, Leo Holthuis.

TELEPHONE ALARM FOR GRASS FIRE

A telephone alarm at 10 o'clock last night called the fire apparatus to a field in the rear of 1939 Middlesex street where a grass fire was in progress. It is believed the fire was started by sparks from a locomotive. There was no damage, but don't forget the date of the grass fire, Jan. 31.

siasts in good fellowship, calendars—
the Lowell Kennel club.

More than 125 club members and
guests rallied to the call of the ban-
quet committee chairman in Odd Fel-
lows hall, Middlesex street, at 8
o'clock to partake of a menu of good
things. Everything seasonably deli-
cious was served to the celebrators
from soup to cross-breaded legs with
cherries about on marble-striped

**Hair Often Ruined
By Careless Washing**

Soap should be used very carefully.
If you want to keep your hair look-
ing its best, many soaps and prepared
shampoos contain too much free al-
kali. This dries the scalp, makes the
hair brittle, and ruins it.

The best thing for steady use is
Mulsified coconut oil shampoo, which
is pure and creaseless, and is better
than anything else you can use.

Two or three teaspoonfuls is suffi-
cient to cleanse the hair and scalp
thoroughly. Simply moisten the hair
with water and rub it in. It makes
an abundance of rich, creamy
lather, which rinses out easily, re-
moving every particle of dirt, dandruff
and excess oil. The hair
dries quickly and evenly, and it leaves
the scalp soft, and the hair fine and
silky, bright, lustrous, fluffy, wavy,
and easy to manage.

You can get Mulsified Coconut
oil shampoo at any drug store; it is
inexpensive, and a few ounces will
supply every member of the family for
months.—Adv.

Domestic Heroines in Our Homes

Women who lead a domestic life
seem to listen to every call of duty
excepting the supreme one that tells
them to guard their health. As long
as they can drag themselves around
women continue to work. Necessity to
keep on their feet all day when over-
tired, or sitting in cramped positions
day in and day out often brings on
ailments from which women suffer
tortures. For fifty years Lydia E.
Pinkham's Vegetable Compound has
been strengthening women and over-
coming such ailments. Sickness and
pain vanish under its influence and
thousands of women have been ben-
efited by it.—Adv.

**Home Made
Cough Mixture
Considered Best**

Spreads Over Membrane, Soothes,
Heals and Stops Cough Almost
Instantly

Costs But a Trifle

Make your own cough syrup in two
minutes at home if you want the best.
Simple coughs, or stubborn coughs, it
doesn't matter which, this home made
mixture will stop them quicker than
any expensive cough syrup you can
buy ready made.

It's fine for chest colds too and for
acute nasal catarrh.
Get from any druggist one ounce of
Parment (double strength)—to this add
a little granulated sugar and enough
water to make one half pint—that's all
there is to it, and children like it.
Like a soothing, healing poultice one
costly substance in this home made
cough mixture spreads itself completely
over the membrane of the throat. This
cures the most stubborn hang-on
cough to cease almost instantly. No
ordinary slow-acting cough syrup con-
tains this expensive ingredient.

And remember—any remedy that
overcomes catarrh, partially or wholly,
is bound to be of benefit to those who
are troubled with head noises and
catarrhal deafness.

Get Parment and get better.—Adv.

mounds. Flowers of rare and radiant
hues bedecked the head table where
President Frederick G. Humphris sat
centrally enthroned.

Up from the Lynn and the Lynn Kennel
club headquarters came Dr. Frank
Zimmerman, famous ribbon winner,
with fancy canine strings. Judge M.
J. Donlan was also there—another
royal Lynn rooster and New England's
best judge of Boston terriers.

Cigars were lighted shortly before 8
o'clock and President Humphris in-
troduced the mayor's secretary, Mr.
Glashen, who brought the mayor's
solicitations to the club engagement
for reasons of municipal import. Mr.
Glashen testified to his faith in the
organization's rich benefit to the com-
munity and dogdom and declared the
mayor felt the same way.

Former Mayor Thompson, in tiptop
form for a mingling party of real so-
ciable folks like Kennel Kingdom
boosters, got the nicest greeting pos-
sible and made a speech that hummed
with good cheer and well wishes. A
few stories with new Thompson epigrams,
a little serious advice, praise
for the kennel club's support of Low-
ell guild; a short but scintillating re-
view of the history of the justly fa-
mous Thompson home-tied alderdale
with the rancorous temperament, and
the ex-mayor's offering went into the
records on first page.

After the Thompson healthy in-
jection of vivacity into the party, the
program went merrily forward. Music
was on the way, and the clubmen and
guests hummed gaily to the violin
solos by Winfield Guild, the piano
selections by Miss Edith O'Brien and
readings by Miss Doris Wilde.

President Humphris read his an-
nual report, covering Lowell Kennel
club activities in 1923, and outlining
the program for this year. He made a
strong plea for full support of the new
club officers and program they will
soon announce, and declared that the
kennel organization stood high in
American sporting circles today be-
cause of strong support always ren-
dered with a degree of enthusiasm
that he was proud to acknowledge.

Among others called upon to address
the banquet were William E. Pot-
ter, president of the Lowell Humane
society; Thomas H. Braden and Frank
H. Hayward of Haverhill.
Invitations were received from the
Haverhill Kennel club's A.K.C. show,
to be held down the river tomorrow
evening. Many Lowell dogs have been

entered in the exhibition lists and
hope to capture good money. A dele-
gation of 75 enthusiastic members is
planning to represent the Lowell club.
The local organization announces an
all-breed puppy show for the March
meeting in Odd Fellows hall.
Last night's banquet committee con-
sisted of William Hall, chairman; Ar-
thur Dyer, Mrs. Elizabeth Westcott,
Mrs. James Kirkpatrick, Jack McKen-
zie and Allen Williams. President
Humphris acted as toastmaster.

**CHILD INJURED
BY AUTOMOBILE**

Karl G. Woessner, of 48 Fruit street,
struck a little girl, 6 years old, this
morning while driving down Gorham
street, near Chambers. She was taken
to St. John's hospital, where an X-ray
will be taken to determine the extent
of her injuries. She is not thought
to be seriously injured. The hospital
reports her name as Virginia Hum-
phrey.

**SPECIALIST RUSHES TO
'VENIZELOS' BEDSIDE**

ATHENS, Feb. 1. (By the Associated
Press).—Minister of Justice Karamanlis,
who continues to be regarded as the
probable successor of Premier Veni-
zelos, should the latter decide to re-
sign because of his illness, explained
to the national assembly last night that
the present government would attempt
to carry on for the present.

Earlier in the evening, the cabinet
met at Venizelos' bedside and accepted
his promise to retain the premiership
until he had received the verdict of the
heart specialist who is hurrying from
Paris to examine him.

This appears to indicate that the mi-
nistry will remain in power at least un-
til next Monday. It is hinted mean-
while, that should the republicans in
the absence of the premier from the
assembly, succeed in winning over
enough Venizelist deputies to pass

**ARMY AIRMEN
PLAN BIG FLIGHT**

CRISTOBAL, Canal Zone, Feb. 1.—
Three army airmen will start from
Guatemala to Balboa next Monday.
It will be the longest overland flight
ever attempted from the isthmus. The
planes will carry mail, will be com-
manded by Maj. Roycroft Walsh, and
will make stops at the Central Ameri-
can capitals. The aviators will chart
airways and locate landing fields in
the different countries.

Officials here believe the flight will
be the forerunner of a regular air mail
service between the isthmus and Cen-
tral America. The planes are expect-
ed to reach Guatemala City on Feb. 15.

their bill declaring the Glucksburg dy-
nasty abolished. M. Venizelos might be
tempted, if his physicians permit to re-
nounce his intention of resigning.

It is believed the premier can be per-
suaded to make such a concession in
view of the chaotic situation into which
his resignation undoubtedly would
plunge Greece.

THE OIL CABINET

Discussions in congress in reference to the oil scandals have brought out the fact that the transfer of the power to lease the oil reserves from the navy department to that of the interior, was effected under an executive order issued by the late President Harding. This was brought out by Senator Norris in his scathing arraignment of the cabinet officials who were directly concerned or responsible for endorsing any such unwarranted assumption of power by the chief executive.

The senator points out that the control of the oil reserves was vested in the navy department by congress and that congress alone could transfer that right to another department. Nevertheless, the order was issued and no objection was made by the attorney general, by Secretary Hughes or any other member of the cabinet.

This was in 1922 when Calvin Coolidge was vice-president and when through the invitation of President Harding he was sitting in as a listener at all meetings of the cabinet. It was hardly to be expected, however, that he would interfere to take exception to the action of his chief or that of the members of the cabinet. The question that most people are now asking is, how the whole mess will be cleared up. That is the problem that President Coolidge has on hand and it is one of prodigious size. Senator Norris hinted pretty plainly that it is part of the legacy left by the late president.

Several cabinet members are due for retirement but the president will await developments in order to ascertain just where the guilt lies. Thus far, it appears that former Secretary Fall is not the only official who may be held criminally liable for disposing of federal oil reserves without warrant of law.

It is expected that the windup of this oil scandal will at least result in having the government keep a closer grip on its oil reserves so that no cabinet official can sell or lease them for a fraction of their value. It is true that a policy of conservation was applied that would prevent the oil companies from getting valuable amounts through friendship with cabinet officials.

NEW HAVEN RETRENCHMENTS

Announcement that two New Haven section men, bridge repairmen, carpenters and blacksmiths have had 1924 working hours cut to 2400 hours week, comes as no surprise. It has been done before and probably will be done again. The men of the city have been told that full work schedule will be resumed on March 1 next.

New Haven officials claim the present condition of most of the New Haven roadbeds here in excellent shape. This is an excellent reason, although the quality of work on some New Haven lines are not up to the top grade. It was apparent a decade ago. Persistent efforts have been made during the past two years to improve traffic conditions and we are told that millions more will be spent during the coming year for similar improvements.

In some respects, the cutting down of the section men's wages at this time will mean a setback to them, although the retrenchment is not severe. It is not generally known that section hands receive but 40 cents per day and carpenters and blacksmiths about 45 cents each at the present time. Undoubtedly men representing the workmen are now endeavoring to have these wages advanced so as to come in line with the new wage schedule just announced by the New York Central lines for all classes of employees. If the New Haven section workers, carpenters and blacksmiths secure such an advance and the demand are already on file, the increase would be retroactive to Nov. 1, 1923.

NEW IMMIGRATION BILL

The national house committee on immigration has introduced its new immigration bill. Various changes have been made in the bill as originally introduced by Representative Johnson of Washington, chairman of the committee. As the bill now stands, it will provide for restriction on immigration on the basis of 2 percent of the total citizens of each country in the United States under the 1920 census with an annual minimum of 200 for each nation, instead of a 3 percent quota based on the 1910 census as in present law.

The committee has reported a provision of the Johnson bill providing for the admission into the United States of the blood relatives of the citizens now here. The bill, however, allows the entry of wives or husbands of citizens, their children under 16 years of age and their mothers and fathers over 55 years of age. It is planned to restrict action in the house at an early date.

Other important debatable matters with the report alone, controversy has been, of course, and to continue the discussion of the bill, but there is no pressing problem in the present national legislative calendar that the introduction of the present immigration bill.

THE AUTO

Hardly a country newspaper in the United States that does not have a column or two devoted to the automobile. The automobile is the modern life, as a whole, has been revolutionized since man discovered the automobile.

In a general way, this is true. The automobile has revolutionized the world in its own way. It has changed the world in its own way. It has changed the world in its own way. It has changed the world in its own way.

It is safe to say that the automobile has changed the world in its own way. It has changed the world in its own way. It has changed the world in its own way. It has changed the world in its own way.

SEEN AND HEARD

Dr.—I charge ten dollars for my advice, Mr. Cohen—Thank you, doctor, I'm not taking it.

Once upon a time there was a prohibition officer who wouldn't buy a drink even when he was off duty.

Absent-minded professor (walking towards his reflection in the mirror)—It seems to me that I have seen you before, but I don't recall your name.

You see things coming home late at night you can't remember clearly in the morning. That's because you were sleepy, of course.

A Thought
There are three faithful friends—an old wife, an old dog and ready money.—Benjamin Franklin.

Come In and See
The collector of internal revenue at Detroit received a letter from a man, saying that he had just heard of the income tax, and asking the collector how he would be treated if he came in and made a donation of his income for the last four years.

Terrible Discovery
He took her hand in his and gazed proudly at the engagement ring he had placed on her finger only three days before. "Do your friends admire it?" he inquired, tenderly. "They did more than that," she replied sadly. "Two of them recognized it."

The Midget Motor
Ivan T. Nedland of Hillsboro, N. D., is the inventor and maker of what is said to be the smallest electric motor in the world. It is less than a quarter of an inch in length, but perfect in all details and operation. About six years ago Mr. Nedland made and exhibited the smallest steam engine in the world that operated perfectly.

Poor Old Editor
The editor of the Bridgton, Me. News, speaking: It is difficult for an old fellow to keep abreast of the times. As was at the picture show the other night when the orchestra struck up the "Star Spangled Banner," we, of course, jumped to our feet, but were somewhat taken aback when somebody behind us yelled, "Down front, you poor boob!"

The Little Darling
It was thus for the small daughter of the house to be held for a moment of resting could go to bed. At last her father ordered to be on the bed and the "little darling" arrived. Off she went, "Goodnight" and the father, on his knees, laid her to bed with a kiss of content, ready for a hard-earned rest. Ten minutes, twenty, half an hour, and he was weary and lay down. He could be down when all at once she heard a soft, sweetly pit-pat. "No, no," she stepped and then a little white object came in. The father, on his knees, stood in the doorway. "Hush, hush, hush," she said. "The cat's not to be let in."

The New Senator
Dr. R. S. Connelley was being toasted for his election to the United States senate from New York. In response the former health commissioner of New York city said: "That calls to my mind an incident which happened to a man in my home state of Michigan. He was elected to the senate and after the election went back to his home town for a visit. Although he had known the driver of the town back for a number of years this incident, during the drive from the railroad station to the town, showed no sign of any change in the driver's manner. He was driving. Finally, the newly-elected statesman, unable to endure, being slightly so long and pompously, 'You know who I am, don't you?' 'Yes,' said the driver, 'I do.' 'And the driver, he said, 'I don't say anything, they just thought I was.'"

Verse for a Certain Dog
Such a placid faith as this your Impud (dog)
That he's the friend of mine, I never knew.
Accident are you, and yet all-wise,
This heavenly fable stop worrying
You look about and all you see in fact
This mighty globe was made for you alone.

Another Oil Lease
Secretary of the Interior, Mr. Clegg, has announced that he has granted a lease of federal oil lands in Oklahoma to the Picher Mining company. The secretary of that state now demands a federal investigation of the claim against the company, which the lease was granted. It does seem that the secretary had a wonderful amount of business to various oil and mining companies.

MOURNING FOR LENINE
At 10:30 a. m. a funeral service was held in the city of Moscow for the late Vladimir I. Lenin, who is said to have been a very successful and popular leader of the Russian revolution. The funeral was attended by a large number of people, and the body was laid to rest in the Kremlin.

FROZEN TO DEATH
A woman named Mrs. J. H. Smith, of the city of New York, has been found frozen to death in her home. The cause of death is believed to be a heart attack. The body was found by a neighbor who called the police.

WOMEN'S RIGHTS
The women of the city of New York have been successful in their fight for equal rights with men. The city council has passed a resolution that women should be paid the same as men for the same work.

THE JERSEY CAMPAIGN
The fight for the seat in the United States senate from New Jersey has been a very close one. The campaign has been very激烈, and the results are still uncertain.

THE MAN ABOUT TOWN

Since the publication of the old Civil Service manual was ended during the war, and notices of open positions in the government service have been posted in only a few conspicuous places, interest in the examinations seems to have waned, despite the fact that many excellent opportunities are still offered. Through the month of February there will be examinations for laborers, clerks, stenographers, specialists and mechanics, with salaries ranging all the way from \$900 a year to over \$1000. Full information concerning the examinations may be secured from the civil service board, all of whom are employees of the local postoffice. The members of this board are: Thos. Gilman, Timothy J. Sullivan, Albert Sparks and George Garney.

Although the Coast Artillery recruiting party which made Lowell its working ground for ten days, failed to bring in any recruits for its own corps, Sergeant Kimball states that the effects of their activities in this city and Lawrence were very noticeable in the increased interest evidenced by the people of the city in the terms of the Coast Artillery. The men in the party conducted themselves in a manner calculated to bring much credit to the army, during their stay here and those who came in contact with them saw them leave with much respect.

Tick is for the production of the high school play this year have sold at a rate entirely unprecedented by that of former years. The first day they were put on sale after the mail order request had been filled, it was announced that no ticket was left in the orchestra for the evening performance. Many of the tickets have been sold to outsiders and parents who wish to see Winchell Smith's famous play, "The Boomerang," produced in the excellent manner that is always characteristic of any production in which Mr. Smith is concerned. The two performances will be given on Monday, Feb. 2, and for those who have not already purchased seats, there are many good ones in the orchestra for the afternoon and a few good ones in the balcony for the evening.

After several temporary moves, the Lowell council, Boy Scouts of America, has at last secured a three-story house for a permanent office in the Howe block, to which they will move on Mar. 1. This building is typical of the fact that after one attempt to promote the scout movement in Lowell failed, the second time its true value has been recognized and the organization is here to stay. No matter what city the scouts have been instituted in, they have proved as much a bunch of future citizens as could be wished, whose every thought for the public welfare and whose watchword is service. How may Lowell have the benefit of their presence?

MAKING DADDY BEHAVE

Alfissima Dramatic Club of North Billerica Scores Another Big Success

The Alfissima Dramatic Club of North Billerica scored another emphatic theatrical success—its third within a year—in Thomas Talbot Memorial hall last night when it presented to a large audience the three-act comedy, "Making Daddy Behave." The cast, every member well-known through previous performances, portrayed their roles in highly pleasing fashion and added new laurels to their names as the players of a superior team. The play was given under the direction of James H. Gannon of North Billerica and Thomas J. Bane of Lowell, both celebrated masters of the spoken drama, whose experience and teaching

was found without pupils in the Alfissima members.

In connection with last night's production, there were specialty numbers by "Daddy" Conley, Miss Beatrice Lawrence and Master John Fleming. Wesley Delarge was the accompanist of the evening. The cast of "Making Daddy Behave" was as follows:

James Luskens, Edward Gannon, John H. Gannon, Howard Conway, Marian, his daughter, Katherine Condon, Grandma Tilden, his mother-in-law, Mary McCarthy, B. H. Tilden, his daughter, Mary Collins, Albert, the butler, Edward Barton, Byron (Cleveland), his secretary, Roland Conway, Arditia, the factory girl, Margaret Roberts, David Standing, the strong man, Miles Finnegan, Winham, the chauffeur, John Maxwell, Mrs. Albert, Katherine Kearney, Mrs. MacLaren, Helen Hayes.

This building is typical of the fact that after one attempt to promote the scout movement in Lowell failed, the second time its true value has been recognized and the organization is here to stay. No matter what city the scouts have been instituted in, they have proved as much a bunch of future citizens as could be wished, whose every thought for the public welfare and whose watchword is service. How may Lowell have the benefit of their presence?

After several temporary moves, the Lowell council, Boy Scouts of America, has at last secured a three-story house for a permanent office in the Howe block, to which they will move on Mar. 1. This Little World

LONDON
BY MILTON BRONNER,
N.E.A. Service Writer

LONDON, Feb. 1.—A deadly dull night has settled upon London theatres, probably until April. It's an annual disease called "pantos," British for pantomimes.

Because in the days of their great grandfathers, the theatres used to be given over in the Christmas season to the pantomime form of entertainment, the managers do the same now. Dramas, operas, comedies are swept off the boards.

The pretense here is that the pantos are put on for the delight of the children because Christmas is their season. But the pantos go on and seemingly forever and they draw packed houses nightly—of adults.

There is one phase of tipping that is unknown in the states because Uncle Sam wouldn't tolerate it. Here, when Christmas comes, your faithful letter-carrier doesn't rely on your generosity. He practically demands it.

The men who serve you delegate one of their number as collector. He enters the names of all the people on their joint beat. Then he presents the book to the various neonies and they are supposed to write down the amounts of kale they are willing to contribute to the postman's Christmas box.

And the British postal authorities don't even bat an eye.

I ran across Sinclair Lewis, famous American novelist, the other day in Fleet street. Lewis by now knows his London and Paris as well as his own even better than he knows New York. He told me he had to spend the summer at Fontainebleau near Paris and is now living here.

We want to the place where his

next novel is being written. It's a delightful room in the Temple, that enclosure sacred to the legal profession of London. Many people wouldn't think it delightful, because the room is not particularly bright and it is heated by a little grate fire. But it has something you could get nowhere else in London and not at all bustling New York or any other big American town—absolute quiet and isolation.

It's a perfect retreat away from the people who want to buy Lewis a meal or want him to buy them one.

Away from the handshakes and the gossips.

SERVICE BOARD HOLDS ROUTINE MEETING

The board of public service held a routine meeting yesterday at 4 p. m. with all members present. Councilor Thomas McFadden and Frank K. Stearns also sat in with the board for a while in connection with desired improvements in their respective districts.

The board was very glad to receive a letter from the Granite Paving Block Manufacturers' association, containing congratulations on the excellent street work accomplished last year and saying that by re-cutting granite blocks for permanent paving a saving of \$2.50 per square yard was effected. The letter came from James J. Tobin, field engineer of the national association.

Albert E. O'Hair appeared before the board relative to the condition of Clark road and the engineer was authorized to prepare plans and estimates necessary to carry out an agreement made several years ago with the abutters when land first was given for widening the street.

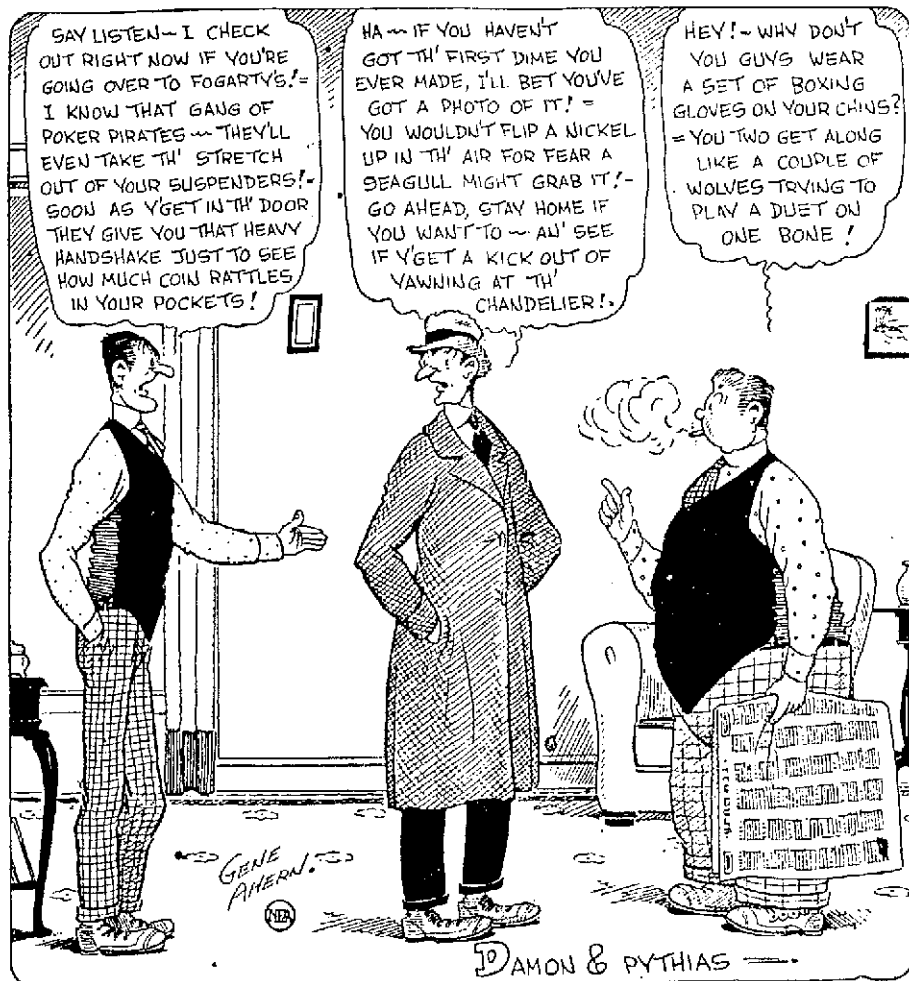

The request of James P. Fitzgerald, storekeeper at the city stables, for salary increase from \$1400 to \$1800, was taken from the table and the petitioner given leave to withdraw.

George W. McElroy, harness maker at the city stables, requested an increase from \$50 to \$35 a week. He has not received any advance in wages for several years and his petition was granted.

The next meeting of the board will be held Thursday afternoon, Feb. 7, at 3 o'clock.

Union Labor Stands By Its Friends

Union men are pointing with pride to the fact that the Elcho Cigar, which is the only cigar advertised as Union Made, is becoming the big cigar in New England.

The Elcho Cigar, made from the expensive long Havana filler, is negotiating for one of the largest factories in Boston. Remember the Elcho is the highest wholesale priced cigar, but the retail price to the smoker is the same as other so-called popular brands.

FIRPO TURNS DOWN RICKARD'S OFFER

BUFFALO, N. Y., Feb. 1.—Luis Firpo has received a cablegram from Tex Rickard saying: "I will equal any genuine offer you have to box Willis, Dempsey or both."

Firpo said he would inform Rickard in reply that he preferred the offer of \$250,000 for a fight with Harry Wills brought by Hugh Garland from the partners.

Raymond syndicate. He has accepted this contract.

The boxer added that he expected an agreement on the motion picture rights and other details of the proposed bout would be reached in a few days, after which he and Garland would exchange final confirmatory cablegrams with Raymond.

It is understood here that although Garland is acting as Firpo's trainer, their business relationship is that of partners.

DOUBLE 10 WINDUP BY COMMERCIAL A. C.

BOSTON, Feb. 1.—The first double windup staged in Boston in many months will be held at Mechanics building, Huntington avenue, next Tuesday night, when Frank Moody of England clashes with Louis Hough of Bridgport, and Ted Marchant of England meets Archie Walker of New York.

With four stellar ring performers in a double 10 windup, followers of the ring game will be handed the biggest battle morsel of the year.

Moody, recent conqueror of Pat Reed in a decision bout at New Bedford, has won eight straight bouts since coming to the United States. He has won six of these by knockouts and in facing Hough he is meeting a contender for the middleweight title. Moody, however, wants the best as he is anxious for a title fight.

Ted Marchant is the lightweight champion of England. He has been champion of United States lightweights since coming here. His most recent opponent was a knockout of George (Rock) Chance. In meeting Archie Walker, he tackles one of the best lightweights in the country. Walker has fought around New England, defeating such boys as Salter Byron, Jack Bernstein, Mel Coogan, Bobby Melrose, George (Kid) Lee and Johnny Williams.

Both of these bouts will be over the 10-round route, and it's the first time fans have been given an opportunity of seeing four such stars in action on the same card.

In addition to the double windup, two eight-rounders have been arranged between star boys. Jack Dillon rapidly climbing to the front, will meet Bob Lowery, while Frank Moran, South Boston K.O. puncher, meets Young Ramsey of Weymouth.

TEXTILE FIVE TO MEET JOHANN WINS BILLIARD TITLE

PHILADELPHIA, Feb. 1.—Joseph Johann of New York is the new class-five national amateur 18.2 ballline billiard champion. He won the title last night by defeating Ferdinand Unger of Pittsburgh with three victories and two defeats, finished in a tie for second place. James Lewis, New York, and Unger, each won two games and lost three, while Frank Carr, Philadelphia, won one and lost four.

Lewis won the high average prize for the number of innings played with 147-153.

Each of the six contestants played five matches, the new champion, Johann, of the Brooklyn Institution with the result that extraordinary teams have sported the colors. The boys come here this evening confident of departing with another victory.

WARD ONLY YANKEE TO GET INCREASE

NEW YORK, Feb. 1.—All the world's attention New York Yankees, except Babe Ruth, were mailed 1924 contracts today by Secretary Barrow, and it was understood that only one provided for an increase. Ruth has a five-year contract, and Aaron Ward, second baseman, gets the boost.

DUNDEE GOT A MANAGER AFTER PULLING BONER

By N.E.A. Service

NEW YORK, Feb. 1.—Few persons know the inside story about Johnny Dundee and his decision not to manage his business affairs any longer.

Dundee, acting as his own manager, accepted what appeared to be a perfectly harmless match with one Eddie Kid Wagner in Philadelphia last summer and was badly beaten.

Dundee had not troubled himself to train. At the time he was matched to fight Benny Leonard for the ninth time, and a \$150,000 gate was in prospect. But after the Wagner upset fans lost interest, demanded their Jack back, and Jimmy Johnston, promoter, called the fight off altogether.

Later Johnston took Dundee aside and showed him what a terrible honor he had pulled by agreeing to meet Wagner with the rich Leonard match only two weeks away.

"I guess you are right," admitted Dundee. "What I need is a manager."

Johnston got the job, and now trying to cook up another Dundee-Leonard match.

JOHNNY DUNDEE MEETS PAL MORIN TONIGHT

NEW YORK, Feb. 1.—Johnny Dundee, world's featherweight and junior lightweight champion, will temporarily drop his titular regalia tonight to meet Pal Morin, New Orleans lightweight, in a 15-round match in which the winner will be eligible to meet Benny Leonard in a bout for his lightweight title. Dundee's title will not be at stake, as both participants will weigh in over the junior lightweight limit of 130 pounds.

Anyone ring followers Moran is a favorite due to sensational knockout victories recently over Charlie White and Johnny Shugrue. This will be the third encounter between Dundee and Moran.

In a 12-round, semi-final, Louis (Kid) Kaplan of Meriden, Conn., will meet Eddie Gray, Brooklyn featherweight.

HIGH SCHOOL TO MEET FITCHBURG TONIGHT

Capt. Tim O'Sullivan of the high school basketball team will lead his outfit against Fitchburg high in the latter city tonight and a close game is looked for. In the local annex a week ago, Fitchburg got away with an 11 to 9 victory over Lowell after one of the most bitter contests of the season. Fitchburg will return to the league this evening. He was out of the Townsend game because of illness, but has completely recovered and will jump centre against Fitchburg. Capt. O'Sullivan and Georges will occupy forward positions, while the guarding will be done by Welch and Sutherland.

NOTED HORSEMAN TO RETIRE

CINCINNATI, O., Feb. 1.—Emil Herz, widely known horseman, announced here last night that he had decided to sell out the Short Grass Stud corporation and retire from the breeding business. The sale, which will be held the latter part of February, Mr. Herz said, will include all the thoroughbred breeding stock as well as the farm.

WOMEN'S INDOOR TOURNAMENT

NEW YORK, Feb. 1.—Both singles and doubles bouts in the women's indoor tournament of the Haverhill Casino, Brookline, were on tomorrow's program.

In the singles Miss Lillian Seaman, New York, No. 1 in the national ranking, meets the winner of the semi-final match today between Mrs. Marion Z. Jessup, Wilmington, Del., and Miss Martha Boyard, Short Hills, N. J.

Molla as She'll Look in Norwegian Net Garb

The Olympic champion has definitely established that Molla Mallory still not competes in the U. S. amateur games as an American, although she has been in this country for years and has repeatedly won the American tennis championships. If Molla plays at all it can't be as a member of the Norwegian team, of which country she is a native. It's shown her as she appears in native garb, with the flag of Norway in the background.

BUTTONS AND PHILLS

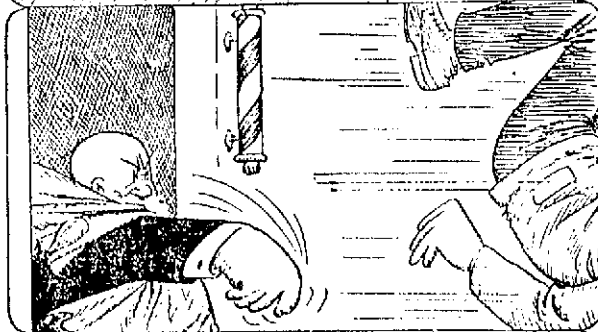

Rows and rows of buttons are used for trimming spring frocks. Many models fasten with buttons from neck to ankles either in front or in back; others have buttons for ornament only, not for use.
Here is a new spring frock, slightly different in its lines, which has a single row of large buttons with bound buttonholes for its skirt closing. The graceful line of the front opening from neck to waist recommends this model, too. Narrow frills at the back and wrists add a dainty finishing touch to its tailored correctness.

PEAK MILITARY DICTATORSHIP
ATHENS, Jan. 31.—(By the Associated Press.)—Fear that a military dictatorship headed by General Condylis may follow the resignation of the Venizelos government, is expressed by anti-Venizelist circles. Republican newspapers report that the royalist reservists are organizing.

TRANSFER FOLLOWS LIQUOR CHARGES

WASHINGTON, Jan. 31.—Winifred P. Lent, district manager of the Veterans' bureau for New York, New Jersey and Connecticut, will be transferred to another position in the field administration of his office following as a result of an investigation of the charges of liquor drinking at the New York sub-district building.

NOT ENGAGED

NEW YORK, Jan. 31.—Dr. James O. Green and his daughter, Miss Eleanor Margaret Green, today announced that no agreement existed between Miss Green and Prince Viggo of Denmark. The engagement was announced in court circles in Copenhagen last month and later denied by Dr. Green. The prince arrived here yesterday on the Majestic.

GUARANTEED 20 P. C. PROFIT ON LIQUOR

NEW YORK, Jan. 31.—Federal authorities today commenced an investigation of the transmission, through the United States mails of a circular issued by Robert C. O. Sir. Brudwick Hartwell, of London, England, guaranteeing a profit of 20 per cent to investors, each sixty days, through the exportation of liquor from England.

Jack Daw's Adventures. Chapter 2

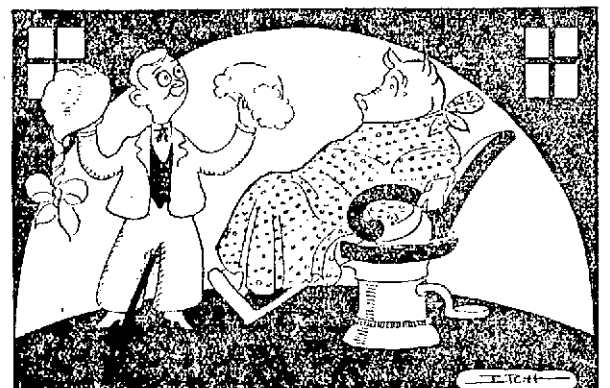

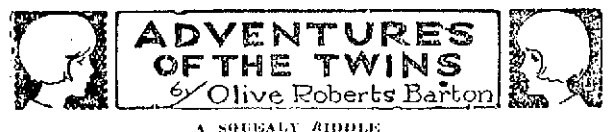

Jack glided along for a short time and then discovered that Flip had stopped barking. He wondered why, so turned and looked back. Then he discovered Flip almost buried in snow, but still traveling at a fast pace down the hill. Flip wasn't being hurt so Jack laughed heartily.

"Come on, Flip!" shouted the little adventurer. And just then Flip rolled right on past his master. Jack made a grab for his dog and lost his balance. And in an instant he too was sprawling in the snow. Fortunately there was a flat space just ahead and Jack stopped suddenly.

As he picked himself up out of a great bank of white, he spied Flip right beside him. "That was some slide!" shouted Jack. Then he helped his dog to his feet and once more got back on his skis. Walking to the edge of the flat space, he again pushed out and started sliding. (Continued.)

AND ONE WENT INTO THE BARBER'S SHOP

"This Riddle," said the Riddle Lady with a smile, "is about a most peculiar creature. I'm just about certain that nobody will guess it. Not even Nancy and Nick."

"What is it?" shouted everybody.

"It'll begin at once," said the Riddle Lady, "but if anybody has worn the dunce-cap, he'd better go home and change. But there! This is the riddle:

"They have saucy snouts and curly tails
And bodies as round as milking pails.
And they like to grunt and they love to squeal.
And simply adore a good square meal.

"They eat sweet apples and corn and clover,
And roll in the mud till they're plastered over,
And root and dig with moisty nose,
To find where the juiciest turnip grows.

"The story says that one day they went
To town, these brothers, on pleasure bent.
One went to market, one bought roast beef,
And one got lost and came to grief.

Auditors Report Finds for Edwin A. and Laura E. Simpson of This City to the Amount of \$140,000 in Action Against Bright, Sears & Co.

The decision of Samuel C. Bennett, as master and auditor in the litigation between Edwin A. and Laura E. Simpson and Bright, Sears & Company, finding for the Simpsons in the amount of approximately \$140,000 in the three actions involved, have been filed in superior court. Arguments by counsel before Judge Nelson, in a session on special assignment in jury waived session were concluded in Boston this week and the court has held final decision in abeyance. The court decision will be announced after the court's review of the master's and auditor's decisions, the arguments of counsel and the review of briefs submitted at the close of argument.

War-Time President of U. S. is
Fighting What Doctors Believe
May Be His Last Battle

WASHINGTON, Feb. 1.—Woodrow Wilson is at death's door. Wasted by months of suffering, the war-time president is fighting what his physicians believe may be his last battle. After a sudden turn for the worse during the night he lay throughout the morning hours between life and death. He rallied slightly at noon, and talked in whispers with those about him. In the early afternoon he seemed perhaps to be resting easier, but his attendants saw little hope that the end could long be delayed. At one o'clock his friend and physician, Dr. Grayson, announced that the former president was asleep, and that his pulse was "a trifle stronger." A crisis may be reached before nightfall. Dr. Grayson has called in other medical advisers, and Mrs. Wilson, the constant companion during her husband's protracted suffering, has summoned other members of her husband's family.

"You have done the best you could," said Mr. Wilson to Dr. Grayson just before he fell asleep. "But I'm a broken machine." Then he added with a rally of his waning strength: "But I'm ready."

Aside from the physicians, only a few of the former president's closest friends were admitted to the house. Vance McCormick, former chairman of the democratic national committee leaving after a short talk with Mrs. Wilson, said that death might come today or might stay its hand until tomorrow.

President Coolidge was one of the first to send a message of sympathy. When he heard of the serious situation of his predecessor, he and Mrs. Coolidge conveyed a message in which they included a prayer for recovery.

Already weakened by more than four years of suffering, he has sustained during the past few days a digestive disorder, at first regarded as more or less harmless, but now threatening to prove too much for him to master.

Yesterday his condition showed some improvement, and when he retired for the night, it was hoped he might be on the road to recovery. He slept little, however.

WOODROW WILSON

and his physician, Rear Admiral Cary T. Grayson, found toward morning alarming indications of a relapse.

GOVERNMENT ASKS DE-
LAY IN THE TRYON CASE

The Tryon Knitter Company case, involving alleged fraudulent use of the mails, scheduled for preliminary hearing before United States Commissioner Walsh tomorrow will probably be continued one month.

Assistant United States District Attorney William J. White informed the commissioner this morning that the government wishes a delay until the federal grand jury, which is considering the case, completes its deliberation.

An enthusiastic meeting of Dracut citizens was held last night in the firehouse in the Kenwood district. The big gathering at the meeting which was called primarily for a discussion of articles in the town warrant was made up mostly of citizens from District four, which takes in all of the various parts of Dracut stretched along the river from Lowell to Methuen. Other parts of Dracut, however, were well represented and the firehouse was filled to overflowing.

After the articles in the town warrant had been discussed and enthusiastic reference had been made to the coming town meeting, the annexation question was touched upon and the prevailing sentiment was that if Lowell would treat them fair on the question of valuation they would favor annexation to this city.

Condition Very Serious

"Mr. Wilson had a restless night and has lost strength," said Dr. Grayson, after he had assessed minutely the changes of the past few hours. "During the night, he took a sudden and decided turn for the worse. I regard his condition as very serious."

Dr. Grayson had spent the night at the Wilson home and with Mrs. Wilson, was in constant attendance at the bedside. He had returned to the capital yesterday from a trip into North Carolina, after word had reached him that the former president had developed symptoms of a new character.

The present complication, although a surprise to those who have been accustomed to see Mr. Wilson taking his daily automobile ride through the city, or his weekly trip to the theatre, was not wholly unexpected to his physicians.

Outwardly the former president had appeared to be in large part his old self except for a deepening of

SEN. ASHURST IN HOT
REPLY TO MOSES

WASHINGTON, Feb. 1.—Senator Robinson, democrat, Arkansas, author of the resolution requesting resignation of Secretary Denby, submitted in the senate today a substitute modifying the language so that it would conform with the action taken yesterday in the adoption of the cancellation resolution.

The assertion by Senator Moses, republican, New Hampshire, that "partisan enmities were making a rifle pit of the grave of Warren Harding," drew a hot reply from the democratic side, as soon as the senate convened.

Senator Ashurst, democrat, Arizona, declared this statement was without foundation and was "particularly offensive coming from the side which invaded President Wilson's sick room in December, 1919."

"On that date," he said, "a man lay sick who was as surely a casualty of war as any soldier; a man whose great soul was soon to become a part of eternity. But the then secretary of the interior rapped upon that door."

Now Secretary Fall is said to be under the shadow, but the public lands committee has too much respect for the proprieties to enter his room."

LOWELL DANGEROUSLY SHORT ON
FIRE ALARM SIGNAL BOXES

Circuits Are Already Overloaded and No Extra Boxes Will Be Installed This Year—New Box at Billerica and Woburn Streets

Although several sections of the city are badly in need of more fire alarm boxes, none will be installed this year, due to already overloaded circuits.

The department this week finished the installation of a box at the corner of Billerica and Woburn streets, number 34, which gives that circuit its capacity load, and this will be the only new box in 1924.

The present fire alarm system has ten circuits, every one carrying many more boxes than the number considered safe by the fire underwriters. In some instances the load being as high as 20 boxes and although the need of more boxes, particularly in the Highlands, Billerica and Centralville, is great, no relief is possible under the present system.

The lack of signal boxes in the upper Highlands, in that extensive residential territory south of Westford street and east of Stevens street and extending out Stevens street, is marked. In that entire territory, which also extends out Pine street to its intersection with Westford at the end of the car line, there are only two boxes—one at Pine and Marlborough, number 33, and the other at Stevens and Parker, number 35. On the extremities of this territory there is a box at Pine and Westford streets and one at Pine and Wilder streets, but that rapidly growing area south of Pine street, taking in Highland avenue, Hawthorn, Oakland, Rhodora, Ruth, Lara, Walden and Parker streets, Gibson road, Florence avenue, Sanders avenue and Georgia avenue, is without any fire alarm signal service and that circuit already is carrying a peak load.

Paralleled conditions exist in Belvidere, particularly out Andover street way, where there is no box between the one at Butler's driveway and Clark road. In the Oakland there is a box at Westworth avenue and Glenwood street, one at Parkview avenue and Haver street, and one at Rogers and Fairmount streets. In Centralville, there is no box in Bridge street between Tenth and Eighteenth streets.

NORTH POMONA GRANGE

Master Sarah K. Mooney Presides at Grangers' Meeting in Centralville

Old Fellows' hall, Centralville, was today the scene once more for many members of Middlesex North Pomona grange, gathering in all-day session to discuss many interesting subjects from 1924 grange prospects and programs to matters of taxation. Nearly 200 members were present at rollcall.

The morning session opened at 10:30 o'clock. Worthy Master Sarah K. Mooney presiding and handling a new mahogany savel bearing a solid silver inscription—a recent loving gift from many grange friends and fraternal associates.

Ms. Ella Spaulding of Chelmsford grange, read an interesting paper on "Most Important Events in January," while Jennie S. Bancroft of Tyneboro grange, read the usual book review.

A grange catechism followed, Mrs. Ida Whiteley of Dracut grange, leading the novelties. Mrs. Elizabeth Smith of West Chelmsford grange, was the morning soloist.

This afternoon, a meeting open to all grange friends was held.

That the budget and audit commission will recommend no wage increases whatsoever this year in the submission of its figures to the mayor is the belief at city hall. Chairman Trier A. Stevens said today the commission will complete its work early next week and will have the budget ready for presentation to the mayor with the exception of the school department, which appropriation has not yet been made up.

The commission has not arrived at final figures in relation to several appropriations, including the police and fire departments, where extensive wage increases are requested, but the preliminary work is above and the commission does not anticipate any more hearings with department heads.

LIEUTENANT GOVERNOR GUEST AND SPEAKER AT LOWELL AUTO SHOW LAST EVENING

Lieutenant Governor Alvan T. Fuller, honored guest of the Lowell Automobile Dealers' association at the Memorial Auditorium last evening, received a splendid greeting from a throng of auto show enthusiasts of both sexes, visited the handsome motor car exhibits in every space and corner of shining displays and of the show management, wishing the sponsors a most successful business season.

Though at first bringing the greetings of the community, Mr. Fuller was right at home, for this is his third Lowell show visit and he appears to know everybody who is anybody in Lowell automobile.

From his entrance to the Auditorium early in the evening for the dealers' association informal luncheon, until his public appearance under escort of President George R. Burt of the dealers' organization, the lieutenant governor, looking happy and admiring it, thoroughly enjoyed the reception planned in his honor.

Protecting Your Investments

YOU wouldn't put your money in an unsafe bank, nor would you be without fire insurance.

But how about insurance against the weather?

There's something your fire insurance policy doesn't cover, and its just as important an agent of destruction as fire.

Your home represents a considerable investment. You would use the greatest care in buying stocks with the money your home cost, or in selecting a bank in which to deposit it. You would want maximum protection.

Consider the weather. Sun, rain, snow, heat, cold, frost—all these destroy property. And property which begins to decay loses in value. You need the best protection against weather you can buy.

SHERWIN-WILLIAMS PAINTS AND VARNISHES

are manufactured to protect your property against decay. That's the biggest reason why you should use them. They add to the life of your buildings and increase their value. Then too, they beautify your property as well.

Day" at the automobile show. Yesterday afternoon and evening attendance totals were up to expectations. The same eager interest being shown by all visitors in every new car and equipment display. Some sentiment indicates a stronger attraction for the more moderate-priced motor cars than was the case last year. Numerous standard models have been reduced in price to swell early 1924 sales orders, a feature that is attracting great attention from show devotees, many of whom are really out to buy new cars this year and are studying each and every favorite to their heart's content.

Speaking without raising his voice and facing the throng with friendly welcome, the lieutenant governor began his prepared address by urging the members of the automobile industry to give of their time and thought to the business of the American people in addition to their business affairs. He called the auto industry "comparatively young and new," and said that he earnestly believed that business principles might be applied to governmental affairs and that the government might be conducted in a businesslike, efficient and economical manner.

LIEUT. GOV. ALVAN T. FULLER

Spoken as a member of the motor car industry, the lieutenant governor continued:

"We often hear of who is called the saturation point in connection with the manufacture of automobiles. In my humble opinion, I do not believe that the peak of production of motor cars has yet been reached. On the contrary, I feel that within a comparatively short while we will see a greatly increased output from the manufacturing industry."

"This, of course, will lead to increased competition among the dealers, but let us not lose sight of the fact that competition in the automobile business differs widely from competition in other lines. This is because competition is not strictly on the basis of price alone, as would be the case with many other products, such as foodstuffs, cotton and woolen goods, and so on.

"For this reason, competition in the automobile business filters down to competition within certain classes of motor cars having about the same price, but even there the matter of competition is affected by line, color, body design, certain details and differences of motor construction, and other features, all more or less exclusive on each particular make of car.

"In other words, the manufacturing of automobiles falls into the realm of proprietary articles so that price is only one of many elements that the prospective buyer has to consider. It is for this reason that I can conceive of a greatly increased production in the manufacture of motor cars, and yet certain established and well equipped automobile distributors might not the largest increase in their earnings they had ever experienced."

At the luncheon served in a room adjoining the Memorial Auditorium an evening reception, where the lieutenant governor, seated at the head of the banquet table, thanked the building, the speakers and the automobile dealers for their exhibition of alert business sagacity and willingness to show their wares to the public in a way certain to prove both profitable to the dealers and well to the buyer.

He referred only sketchily to social and national affairs, but said there was a good of better forces in certain parts of national activities that might be classified as business house.

GULBRANSEN The Registering Piano

Real Music—"As You Like It"

DO your own playing! It's so much more fun than to have others do it for you!

To go to your Gulbransen—and actually play—gives you a real sense of accomplishment! It interests—satisfies! It is one of the most delightful experiences imaginable!

Delightful because Gulbransen music is so expressive! So full of feeling—so full of life—you take a personal pride in producing it.

Accounting, for instance. That's important! For in any piece you play there's a strain of "melody" you must pick out and accent properly, to give it a pleasing rendition.

But, where are the melody notes? In what part of the keyboard do they occur? With the ordinary player-piano that's a real problem. But by observing the Melody Indicator—a simple and convenient little patented guide—you know where the melody notes are, and just where to accent them, on the Gulbransen!

The Melody Indicator greatly simplifies correct playing. In combination with sensitive "pedal-touch" and Gulbransen Instruction Rolls, it is the thing that makes musically playing possible!

GUILTY OF TRANSPORTING LIQUOR

NEWPORT, R. I., Feb. 1.—Andrew Durfee of Tiverton this morning pleaded guilty to a charge of transporting liquor. Coming from Westport his radiator froze up and he entered the city under tow of a truck. A round about route was taken and a policeman headed them off. The truck got away but a marooned car of Massachusetts register was captured. Durfee claimed ownership. There were 20 cases of liquor which under the Rhode Island law the police must now destroy since the custodian stands convicted.

FUNERALS

DALLAIRE—The funeral of Mrs. Anna Irene Dallaire took place this morning from her late home, 124 West Sixth street, at 8:15 o'clock, and was largely attended by relatives and friends. The funeral service was held at St. Michael's church where a high mass of requiem was celebrated at 9 o'clock by Rev. James P. Lynch. The choir sang the Gregorian mass. Miss Margaret Griffin and Mr. Joseph H. Egan sustained the solos. Mrs. Ella Kelly Dore presided at the organ. There were many floral tributes and spiritual offerings. In attendance at the funeral were the following: deacons from the League of Catholic Women: Mrs. J. C. Tuttle, Mrs. Furlong, Mrs. Larkin, Mrs. Maher, Mrs. Bridget Gilbride, Mrs. Margaret Furlong and Mrs. William Noonan. The deaconess from the church of St. Michael's parish were Mrs. Finn, Mrs. Morrissey, Mrs. Dudley, Mrs. Bradley and Mrs. Hart. The bearers were Messrs. Victor and Clement Dallaire, Harry O'Donnell, John Hayes, John Frazier and George H. McDermott. Present at the funeral were relatives and friends from Charlestown, Quincy, Brighton and Nashua. Burial was in St. Patrick's cemetery. Rev. James P. Lynch read the committal prayers. Funeral arrangements were in charge of Undertaker Peter H. Savage Sons.

POVEY—The funeral of Mrs. Marcelle M. Povey, an established young woman of this square section of the city, who died after a brief illness and who was a bride of but four weeks, took place this morning at 8:30 o'clock from the late home at 330 Central street, and was largely attended by sorrowing relatives and friends. The cortege proceeded to St. Patrick's church where a high mass was sung by Rev. Francis L. Shea, the choir under the direction of Mr. James E. Donnelly rendered the Gregorian chant, the solos being sustained by Miss Mary Ryne and Mr. Donnelly. Miss Gertrude Quilley presided at the organ. There were many beautiful floral tributes and spiritual offerings. The body was placed in the receiving vault in St. Patrick's cemetery under the direction of Undertakers James P. O'Donnell and Sons.

TAYLOR—The funeral of Charles B. Taylor took place this morning at 8:30 o'clock from his late home, 27 Lawrence street, and was largely attended. Present at the funeral were many of his shopmates from the Rice Wire works. A funeral high mass was celebrated in St. Patrick's church at 9 o'clock by Rev. Dr. J. J. McGarry. The church choir sang the Gregorian chant. The solos were sustained by Tighe and Daniel S. O'Brien. Mr. J. J. Johnson was the organist. The burial was in St. Patrick's cemetery where Rev. Dr. James Supple read the burial service. The bearers were Messrs. Joseph Taylor, George Taylor, William Taylor, Charles Taylor, Charles Taylor and Robert Quilley. There were many floral tributes placed on the grave. The funeral was in charge of Undertakers Charles J. Molloy's Sons.

CASTELLO—The funeral of the late Catherine Castello took place this morning at 8:30 o'clock from the funeral home of Undertakers Amodeo Archambault & Sons, 217 Appleton street, and was largely attended. The services were conducted by Rev. Dr. J. J. McGarry, pastor of the Highland Union Methodist church. There were many flowers. Burial took place in the Edison cemetery, where the committal service was read by Rev. Dr. McGarry. The arrangements were in charge of Undertaker William H. Saunders.

BLANCHETTE—The funeral of Henry R. Blanchette took place this morning at 8:30 o'clock from the funeral home of Undertakers Amodeo Archambault & Sons, 217 Appleton street, and was largely attended. The services were conducted by Rev. Dr. J. J. McGarry, pastor of the Highland Union Methodist church. There were many flowers. Burial took place in the Edison cemetery, where the committal service was read by Rev. Dr. McGarry. The arrangements were in charge of Undertaker William H. Saunders.

A NEW ORGAN
A new two manual pipe organ has been installed at the funeral home of Undertakers Amodeo Archambault & Sons, 217 Appleton street. It is much larger and better toned than the one previously in use. It will add greatly to the dignity and church-like atmosphere of funeral services held at this establishment. It is optional whether the organ is to be used at a funeral or for other purposes. There is no charge for the use of the church, but if the organ is desired a fee is required for the organist. Mrs. Peter Taylor, organist at All Souls church, has consented to act in a like capacity at the funeral home.

DEATHS

GARDNER—Theodore E. Gardner died yesterday at his home, 75 Pine street, aged 31 years, 9 months and 18 days. He is survived by his wife, Ella P. Gardner; two children, William G. Gardner and Mrs. Norman C. Gotchell; and three brothers, Fred L. Gardner, John L. Gardner and School E. Gotchell. Mr. Gardner was a member of Calvary Baptist church and Post 155, G.A.R. The body was removed to the home of Undertaker George W. Healey, 236 Westford street.

DUBOIS—Died in this city, Jan. 31, Mrs. Emilie Dubois nee (Mouscad), wife of the late "Famille Dubois" and the home of her son-in-law, Mr. Joseph Toupin, 127 St. Hope street, at the age of 74 years. She leaves to mourn her loss two sons, Mr. H. Dubois and Mr. J. Dubois, and three daughters, Mrs. Josephine Dubois, Mrs. Josephine Dubois, and Mrs. Josephine Dubois. The body was removed to the home of Undertaker Peter H. Savage Sons.

LAKE—Mrs. Martha S. Lake, a former resident of Lowell, died at her home in Hyde Park yesterday evening. She is survived by one grandson, Harold A. Lake of Belmont and two great-grandchildren, three sisters, Mrs. E. B. Eastman and Mrs. S. E. Parker of Dorset and Mrs. M. E. Wiche of Durham, N. H., and by two brothers, Alphonse P. Noyes of Waterbury and Orlando S. Noyes of Plainfield, N. J.

FUNERAL NOTICES

LOWELL SAILORS HOME ON SIX-DAY LEAVE

The group of Lowell boys who enlisted in the navy early in December, 1923, has received a leave of six days, and the various members arrived in this city today to spend the forenoon at home. Although it is customary for the men of the training station to receive a two-day furlough, it has been shortened this time in order that they may catch the next transport leaving for the Asiatic fleet. The men who are included in the party are: Thos. O. Farrar, 1st class, 1st division; Albert Smith, 2nd class, 1st division; Jos. P. Moran, 2nd class, 1st division; John Shewby, 2nd class, 1st division; and Thos. Carter, 2nd class, 1st division. Frank Duffy of 27 Newhall street, seaman 1st class, who has been spending a 20-day re-enlistment leave at home, received orders this morning, in respect to the U.S.S. Haddock for duty this afternoon.

MEETINGS GALORE AT CITY HALL TONIGHT

Plenty of action will be on tap at city hall tonight, with scheduled meetings of the city council, the school committee and the finance and public property committees of the council. The council meeting is a special session called for the drawing of jurors, but other business may be transacted, although it is not expected any action will be taken on non-resident property complaints submitted by the mayor. The school committee will receive a report from its sub-committee on salaries and will begin consideration of its 1924 budget. The finance committee will discuss loan orders already suggested and referred to it and the public property committee will consider other things will consider the report of architects on the reconstruction of the old turkoo house.

CLASS FOR WOMEN IN PUBLIC SPEAKING

A university extension course in public speaking and parliamentary law will get under way in St. Patrick's school hall next Tuesday evening at 8 o'clock, with Mrs. Elizabeth L. McNamara of Cambridge as instructor. The class is for the women of the parish and has been in response of organization since the interior decorating class completed its course some time ago. Since the introduction of university extension work in St. Patrick's, much progress has been noted. The parishioners are interested in the work and aware of the benefits derived. The pastor, Rev. John J. McGarry, D.D., and Rev. Thomas J. McMahon, who has charge of enrollments, heartily endorse the class which starts Tuesday evening.

CARD OF THANKS
We, the undersigned, wish to express our deep appreciation and gratitude for the floral and spiritual offerings received from neighbors, friends and relatives during the recent bereavement in the death of our loving mother, Mrs. Edward Bratt.

BODY OF CHILD IN WELL UNDER KITCHEN FLOOR

SALEM, N. J., Feb. 1. Discovery of the body of 5-year-old Miriam Atkinson in a well under the kitchen floor of her home at Woodstown, N. J., yesterday resulted in her parents, Robert and Beulah Atkinson, being charged with murder.

Authorities were led to the spot by the child's mother, following several hours of questioning during which she twice led them to other places where she claimed the child was buried. Lack of funds, she asserted, prevented obtaining attendance of a physician during the child's illness, and having a proper burial after the death, which Mrs. Atkinson maintained was a natural one.

The father of the child declared he did not know until Wednesday that she was dead, and that he knew nothing of the disposal of the body. As he was being questioned, he suddenly dashed from the house and dashed across the fields. A considerable chase and brawl followed. Atkinson, Jack, who had run out, he said he was fleeing to a neighbor's house. Attention of county officials was first drawn to the child's disappearance by Mrs. Arthur Smider of Atlantic City, a sister of Mrs. Atkinson. A letter from Mrs. Atkinson, she said, had informed her of the child's death and burial a week ago, and when she came on a visit of sympathy, she was refused admittance.

The body, found in a burlap bag, was discovered at the bottom of the well by county officials and was covered with water. Superficial examination failed to show traces of violence, but an autopsy was ordered, as was the arrest of the parents. It was discovered that the Atkinsons had all their furniture packed for removal yesterday to Atlantic City according to a newspaper report. Neighbors, the authorities said, revealed that Mrs. Atkinson had an aversion to Miriam, believing that there had been an accidental exchange of babies at the hospital in Atlantic City where her child was born.

CHAMONIX, Feb. 1.—The American hockey team defeated Sweden, 2 to 1, in their semi-final Olympic match here today. The United States thus earns the right to meet the Canadians in the finals.

CONTESTED DIVORCES

Two Probate Court Sessions Held Here Today at Gorham Street Courthouse

The contested divorce case brought by Raymond E. Douglas, master electrician at the Ipswich mills here, against his wife, Margaret Douglas of Chelsea street, alleging desertion, occupied the most of the morning session before Judge Logan in probate court today. A second probate session before Judge White, proved to be a record one for brevity, the cases listed as contested being either continued by request or the contest failing to realize.

Although the couple have not lived together since 1913, Mr. Douglas brought his wife before the judge at city hall in 1918 to testify as to his exemption proceedings. It was brought out, Judge Logan reserved decision. A petition for revocation of the divorce nisi granted to Annie Sokolowski from her husband, Anthony, was denied. Evidence or arguments were heard and decision reserved in the divorce filed brought by Anna E. Delisle, through N. J. Vincent, against Melville Delisle, alleging desertion and asking right to use her maiden name and of David Russell, through John J. McMahon, against Catherine Russell, on similar grounds. Judge White entered a decree nisi in the action of Ernest A. Cole, through J. J. and W. A. Hegan, against Anna M. Cole, represented by Donahue & Donahue, alleging desertion. The will of Ella J. Hunt of Lowell and William Fickett of Everett, were allowed and administration granted on the estate of Helen Larmour of Lowell.

BIG MEETING TONIGHT IN
NORTH CHELMSFORD

Tonight's night in North Chelmsford. Everybody is talking about the public meeting scheduled for Stilesia recreation hall, where citizens of the community, strongly in favor of a separate village charter or annexation to the city of Lowell, are planning to exhibit their hale and hearty sentiment for the good of North Chelmsford in a manner that will impress all people at home and abroad.

Agent R. E. Gilmore of the Stilesia mills is leading the campaign for North Chelmsford betterments and possible secession from ancient Chelmsford incorporation. Men and women, not only residing in North Chelmsford, but many from West Chelmsford, are to make an effort to attend the rally in Stilesia hall tonight and speak their pieces in meeting assembled. Town officials have received invitations to be on hand also. The meeting will be called to order about 8 p. m.

MATRIMONIAL

The marriage of Mr. Thomas Cavanaugh and Miss Sarah Quinn took place Wednesday evening at 5.15 o'clock at the chapel of the Immaculate Conception church rectory, with Rev. Lawrence P. Tighe, O.M.I., performing the ceremony. The bride wore white chiffon trimmed with Chantilly lace and had a veil caught up with orange blossoms. The bridesmaid, Miss Elizabeth Quinn, sister of the bride, wore orchid crepe trimmed with Irish point lace. The bride carried a bouquet of white sweet peas and lilies of the valley and the bridesmaid carried Columbia roses. The best man was Mr. John Cavanaugh, cousin of the bridegroom.

A reception was held at the home of the bride, 8 Shaffer street, where a wedding supper was served by the Lyndon Catering Co. The ushers at the reception were Messrs. John and Paul Reardon, nephews of the bride. The bride's gift to her bridesmaid was a silver bracelet, and the best man was presented a gold watch. The ushers received silver pencils. Guests were present from Worcester, Boston, Springfield, Quincy and Niagara Falls. After a wedding trip, Mr. and Mrs.

Cavanaugh will make their home at 8 Shaffer street.

Wiggin-Covell
Miss Berdona Covell of 20 Burlington avenue, daughter of Mr. and Mrs. Meridian Covell of Newport, N. H., and Mr. Wesley A. Wiggin, also of this city, were married last evening by Rev. W. J. Seizer, pastor of the Central Baptist church, at his home at 6.30 o'clock, with immediate relatives attending the ceremony.

The bride was prettily gowned in dark blue Canton crepe with hat to match and carried a bouquet of bridal roses and white sweet peas. She was attended by her sister, Miss Daisy Covell of Newport, N. H., who wore blue Canton crepe and carried pink roses. The best man was Mr. Clyde Gray.

After the ceremony, a wedding supper and reception were held at the home of Mrs. Elizabeth (Stanston) of 20 Burlington avenue. Later in the evening Mr. and Mrs. Wiggin left for a wedding trip and will be at home to friends after Feb. 15 at 440 Westford street.

The bridegroom's gift to the bride was a beautiful diamond set in platinum. The bride's gift to the bridesmaid was a silk umbrella, and the bridegroom's gift to the best man was a set of cuff links.

AMUSEMENT NOTES

R. F. KEITH'S THEATRE

The comedy "Lough" which Paul Decker & Co. are playing at the R. F. Keith theatre, this week, is one of the best yet written by Edwin Burke. It holds cynical moments, but the repartee and the situations make it thoroughly enjoyable. Wade, the baritone gives, probably the best routine of some numbers heard in a local theatre in a long time. They are admirably given, and he stays on his act for nearly half an hour. Likewise, perhaps the best comedienne turn seen here in many years is that by Walter and Emily Walters. This holds situations and the audience of fun is delightful. The remainder of the bill is of first rate quality, including Geo. M. Fisher and Emma Hurst, in "Hilarious," Jean La Croix, California's favorite soprano, and the famous expert jugglers. The picture feature is "The Broad Road."

"HUMAN WRECKAGE"
Convincing and sincere, characterized by the delicate treatment of a cast of world-famous artists, freed from all the unbecoming and untruthful merely expressing the truth, with careful regard to detail, Mrs. Wallace Reid's moving picture indictment of the narcotic menace, "Human Wreckage" opening at the Rialto theatre next Monday, impresses with all its power. It is a picture, the equal of which you may never see again, for it is a cry wrung from the heart of a woman who has spent the best years of her life to combat the terrible evil of narcotic addiction. The spirit of this fine woman pervades every scene of colossal picture. It is evident in the intensity of the moral struggle, which James Kirkwood as the lawyer foe of the narcotic peddler, splendidly portrays in the pathetic appeal for support which Bessie Love, as the young addicted mother, puts up for herself and her baby, to save them from a living death, in the powerful action of Mrs. Reid herself, who as the lawyer's wife, conveys the sincerity of her purpose to strike a vital blow at the forces of evil.

RIALTO THEATRE
William Russell, little Fox star portrays a character in "Times Have Changed," which is indeed quite different from anything in which he has ever appeared. This popular star can be seen at the Rialto theatre where he is being shown in this new William Fox production.

"The Bohemian Girl," a screen version of the famous opera by that name is the companion attraction. Don't let anyone tell you that there is nothing new under the sun. It's a sad but that you haven't seen any

picture that is quite like "The Bohemian Girl." A fine cast interprets this interesting story.

MERRIMACK SQUARE THEATRE
"Three Aces" Buster Keaton's first full-length feature, now playing at the Merrimack Square theatre, is classed as a burlesque on love, marriage and business. Beginning with primitive Kicks of a Kinky show, John Dwyer and Malcolm MacLeod are also pleasing in their specialties while Mr. Morgan in his scene with the irresistible Miss Andrews makes a great hit as he becomes quite his custom. A few choice seats are available for tonight's performance and tomorrow's show. Call main, Keaton depicts vividly the life of 241 for spectators. Seats for "The Three Aces" and then swing into the triumphant period of the Roman empire. Here there are several massive scenes, principally among which is a duplication of the famous Colosseum. The modern age comes in for its bit also as it is Keaton's purpose to show how little human nature has changed in the course of the centuries. It is one of the best pieces of work the famous comedian has ever done.

Other attractions are Host Gibson in "Double Dealing," a comedy and the latest News Weekly.

LOWELL OPERA HOUSE
"Why Don't My Dreams Come True" is the title of the specialty number sung this week by Miss Lillian Desmond, leading lady of the Lattinier Players, which is attracting much favorable comment. Miss Desmond is possessed of a rare, rich voice that makes a strong appeal to her auditors. The packed audience which have marked this week's run of "The Bent Virgin" have been unanimous in their approval of her rendition and at every performance she has been cheered again and again.

There is a lot of newspaper twinge to the story of that song, which by the way is one of the fresh Victor records released. It was written by John A. Flood, a copy reader on the Bayonne, N. J. Evening Times as a part of a special musical show which he wrote. This show was written especially for Bayonne council of the K. of C. and the song went over big. Miss Desmond, a personal friend of Mr. Flood, secured the ready consent to use it at any time she desired. It fits in superbly with this week's show and Mr. Flood is fortunate in having such an artist as Miss Desmond interpret it here.

William Courteen, now leading man of the Lattinier Players, makes his bow this week. While his part is not as long as evening as might be wished, it makes the most of it and puts it across in first class style. He struck a popular chord with his audiences and once

given a play in which he can really spread himself he seems bound to make a strong hit. Miss Fern Chandler in her specialty number is one of the best Kicks of a Kinky show. John Dwyer and Malcolm MacLeod are also pleasing in their specialties while Mr. Morgan in his scene with the irresistible Miss Andrews makes a great hit as he becomes quite his custom. A few choice seats are available for tonight's performance and tomorrow's show. Call main, Keaton depicts vividly the life of 241 for spectators. Seats for "The Three Aces" and then swing into the triumphant period of the Roman empire. Here there are several massive scenes, principally among which is a duplication of the famous Colosseum. The modern age comes in for its bit also as it is Keaton's purpose to show how little human nature has changed in the course of the centuries. It is one of the best pieces of work the famous comedian has ever done.

Other attractions are Host Gibson in "Double Dealing," a comedy and the latest News Weekly.

THE STRAND
"She is too easy to hug and too hard to love" is the title of the specialty number sung this week by Miss Lillian Desmond, leading lady of the Lattinier Players, which is attracting much favorable comment. Miss Desmond is possessed of a rare, rich voice that makes a strong appeal to her auditors. The packed audience which have marked this week's run of "The Bent Virgin" have been unanimous in their approval of her rendition and at every performance she has been cheered again and again.

There is a lot of newspaper twinge to the story of that song, which by the way is one of the fresh Victor records released. It was written by John A. Flood, a copy reader on the Bayonne, N. J. Evening Times as a part of a special musical show which he wrote. This show was written especially for Bayonne council of the K. of C. and the song went over big. Miss Desmond, a personal friend of Mr. Flood, secured the ready consent to use it at any time she desired. It fits in superbly with this week's show and Mr. Flood is fortunate in having such an artist as Miss Desmond interpret it here.

TAILOR SHOP IN TOWN

Right after Christmas my shop didn't have orders enough to wad a shotgun; most of my tailors had to lay off. They needed the work and I wanted to keep my organization intact, so as to be ready for the Spring rush. I then decided to sell clothes at less than cost. The orders poured in. Last ten days I sold over two hundred orders. This week I hope to do even better. This shop of ours is, I believe, the happiest shop in town. Join the fun and at the same time save fifteen to eighteen dollars on your order.

Up to \$30.00 To Close \$14.50	READY-TO-WEAR OVERCOATS Two Prices	Up to \$40.00 To Close \$19.50
---	---	---

Here's the Reason

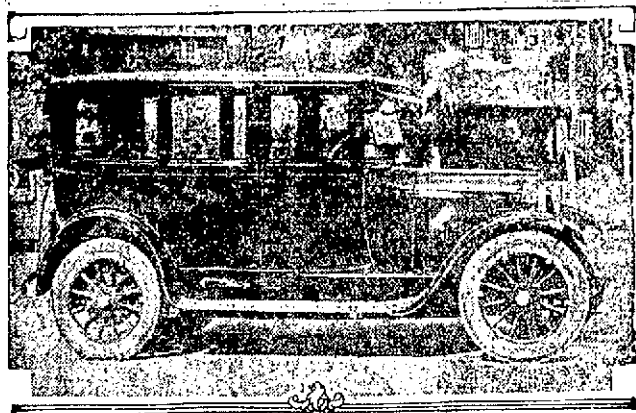

January inventory finds me with several hundred yards of broken pieces, just large enough for a suit and an extra pair of pants, also several yards of black duck overcoatings, some sold as high as \$10.00.

The materials are All Wool and Worsted in Fancy Silk Mixtures, Seachies and Cheviots, including Black and Blue, nothing reserved. Ordinarily these garments would cost you ten to twenty more than I price. I offer them today. This sale is your opportunity to secure a suit or overcoat made in your individual measure and when I have the goods for extra pants they don't cost you a penny. I incorporate all the latest styles without extra cost. You choose your own material and style of garment and I make it to fit and guarantee that it will fit—or your money back.

New Car That Catches the Eye

DODGE TYPE B SEDAN

The fact that Dodge Brothers have now built more than 1,000,000 cars and that 90 per cent. of this million are still in service, proves conclusively that they have held steadfastly to the original ideal. Even when quantity reached the million mark, quality still had first consideration—and will continue to have, as long as Dodge Brothers cars are built.

Ean O'Lea, proprietor of Lowell Motor Mart Inc. and local distributor for Dodge Brothers cars of every line at Moody, Tilden and Colburn streets, considers the above statement as representative of Dodge claims as well as Dodge performance, and a host of patrons of the popular Dodge distributing agency in Lowell agree heartily with him.

The 1,000,000 mark has established a new production record in automobile fields. The first Dodge car ap-

peared Dec. 14, 1914. Strong public demand has given a constant impetus to Dodge Brothers' production from the very start. At the outset they were over-sold and have been ever since, despite enlargements of factory room and equipment.

While factory officials are pleased at the attainment of the 1,000,000 mark in so brief a period, they attach far greater importance to the magnificent Dodge car records of service, stability and steady popularity. This popularity is indicative of a constant betterment of the product as compared with the early days of experimentation and unreliability.

There are cars of Dodge Brothers production in 1915 and 1916, still performing valiantly and good for many more miles of service. Some of the models in the first years were, in-

Rheumatics

Rheuma Gets to Work First Day—
Drives Out the Poisonous Uric
Acid and Brings Quick Relief

Twisted, swollen, unsteady joints are rapidly freed from pain and brought back to normal with Rheuma. Lame people walk without aid, sleep comes to those who have been unable to lie in bed, hands that were helpless because of terrible rheumatism are now able to do their share for the support of the family.

Rheuma is a wonderful remedy for rheumatism, gout, neuritis, lumbago and neuralgia.

It is a wonder-worker; it never fails, never gives up until every vestige of uric acid poison is expelled from the body.

Rheuma acts on stomach, liver, kidneys and bladder all at once and quickly brings long prayed for comfort to distressed sufferers. Green's Drug Store and all good druggists sell it with guarantee of money back if it isn't satisfactory.—Adv.

deed, record-breakers in capacity of long performance.

Auto show visitors will find the Lowell Motor Mart Inc. display worth inspection. Displayed there is featured, for one thing, the latest 1924 Dodge "Type-B" sedan, a beauty and yet inexpensive. When winter intensifies one's desire for closed car warmth and protection, the new Dodge Brothers "Type-B" is almost as inexpensive to own and operate as an open touring car. The models of every Dodge car have been improved at the Lowell Motor Mart Inc. on Moody street, where show cars will receive a cordial welcome day and evening.

ACCIDENT VICTIMS IN
LOCAL HOSPITALS

Searle Blaney, of Westford, who sustained a fractured skull in an automobile accident on Wednesday afternoon, was reported as much better by the Lowell General Hospital this morning.

St. John's hospital reports the condition of James H. Tracy and John Phil as greatly improved this morning. Tracy, a member of Hose 13 was injured when he fell from the fire truck on Monday night. Tracy and Phil were struck by an automobile cutting around a street car on Cochran street, with injuries to back and legs being received.

INVESTIGATING THE
ISOLATION HOSPITAL

The special committee of the city council appointed on recommendation of Councilor John W. Daly to investigate conditions at the isolation hospital, particularly in reference to reports submitted by Mayor John J. Donovan and the board of health, will hold its first meeting early this month and will proceed at once to take up the matter in all its phases.

Inasmuch as one section of the order authorizing the appointment of the committee gave it the power to summon witnesses and examine records, it is believed an appropriation will be necessary to cover such expenses and it is expected one will be requested.

ERECTING \$12,000 ADDITION

The Worcester Power Co. is erecting a four-story brick addition to its main plant at the foot of Crosby street, tearing down a frame building of one story at the same time. The cost of the new construction is estimated at \$12,000.

MINERS' CONVENTION

Adoption of Report of Scale
Committee Would Leave
But One Problem to Settle

INDIANAPOLIS, Ind., Feb. 1.—(By the Associated Press.)—Final adoption of the report of the scale committee in the United Mine workers convention today would leave only one big argument to be settled before adjournment. Delegates voted an overwhelming majority late yesterday for a renewal of the present wage scale, and today will consider the committee's proposal to seek a contract for a term of four years.

This disposed of the insurgents' chief plank, a six hour workday, and leaves them with one major issue still to fight for—they will demand reinstatement of Alexander Howat, deposed president of the Kansas miners, as a member of the union. The fight will come when the committee on appeals and grievances reports.

Besides considering that section of the scale committee's report recommending that the next wage scale cover a period of four years, beginning April 1, 1924, and ending March 31, 1928, the convention will act upon the proposal to empower a policy committee to act in any emergency, and in case of necessity, determine upon a general strike.

This committee, it is proposed shall be composed of the scale committee of the central competitive field, three representatives from each outlying district, the members of the international executive board and the international officers.

The report also recommends that outlying districts be authorized to enter into negotiations with the operators but that no wage agreement be signed until after the central competitive agreement has been secured, or special permission has been granted by the policy committee. The report also recommends that all contracts in the bituminous districts run concurrently and expire on the same date.

Fred. Lewis expects that the entire report will be carried without serious opposition and that everything will be concluded so that the delegates may be on their way home Saturday night.

"FRUIT-A-LIVES" — ONE OF THE GREATEST
MEDICAL DISCOVERIES OF THE AGE

For Eighteen Years, This Famous Fruit Medicine Has Brought
Relief to Thousands of Sufferers

The name and fame of "Fruit-a-lives" have spread all over the world. In Great Britain, these tablets made from fruit juices and tonics are in great demand. In the United States, practically every drug store in the East handles them and orders are steadily coming in from points throughout the West. Even in far-away New Zealand, "Fruit-a-lives" are meeting with gratifying success. During the eighteen years that "Fruit-a-lives" have been before the Canadian people, they have brought relief to thousands and thousands of sufferers. Gladly and freely, these grateful men and women have written of the almost miraculous powers of "Fruit-a-lives"; and one and all, they express the hope that other sufferers may heed their letters and in turn try "Fruit-a-lives."

Dreadful Eczema Relieved by "Fruit-a-lives"

Now, read this letter from Mrs. Joseph P. Marriener, 432 Arlington Ave., Ottawa: "For three years I suffered with weeping eczema on the back of my hands. I consulted our family doctor and other physicians; but all the treatments and salves gave me no permanent relief. I had practically considered my case hopeless when I started to use 'Fruit-a-lives' and 'Soothe Salva,' which I heard had relieved a friend of a similar complaint. In a short time, the eczema completely disappeared and I have not had a trace of it for four years."

Thanks to "Fruit-a-lives." Am Once More Well

Mrs. Honore Valiquette, 1133 Notre Dame St. West, Montreal, is deeply grateful to this famous fruit medicine. She says: "I wish I could tell every sufferer in the world what 'Fruit-a-lives' have done for me. For three years I was much troubled by bad headaches, nervous dyspepsia and liver trouble. Then I commenced taking 'Fruit-a-lives.' Very soon my condition improved and now, thanks to these wonderful tablets, I am once more entirely well."

Well Known Resident of Portland, Maine

Mr. Otis M. Bryant of 49 Anderson street, is most enthusiastic about this famous fruit medicine. He writes: "I was troubled with constipation ever since I can remember; as a result, I have suffered from distressing headaches and pain in my left side. I tried many and various remedies for the headaches and constipation, without receiving relief. About four months ago, I began the use of 'Fruit-a-lives.' Since then, I have been free of headaches, bowels regular, no pain in my side. After the use of several boxes of 'Fruit-a-lives,' I feel justified in pronouncing them a remedy of true and exceptional merit."

Take "Fruit a lives" and get well. 25c and 50c a box, at all dealers, or sent postpaid by Fruit-a-lives Limited, Ogdensburg, N. Y.—Adv.

Our Health
by Dr. C.C. Robinson

BY DR. CLIFFORD C. ROBINSON
BEWARE OF DUPE

The money annually wasted on narcotics or what is commonly called dope in the United States is more than a million dollars. A proportionately small amount of this vast sum would build and equip enough hospitals and sanitariums, camps and colonies to practically stamp out this monster evil.

By some strange twist of the imagination, the drug addict, dope fiend, snuff bird or coke hound never seems to figure out the end of the perfect day or dream of delight in which he revels. In the meantime there is poverty and plenty of family breakups, loss of employment and physical degeneration.

As a physician who has seen many such persons in their almost hopeless situations I give you, who are still on the high road of health, a timely warning. Beware of the first temptation in exhibiting the aid of any narcotic as succor from pain or sorrow. Headache mixtures are frequently made up of dangerous poisons, such as antipyrin, acetanilid and phenacetin. They readily affect the heart and circulation. Their use is a stepping-stone to more dope in order to quiet the already outraged nerves and glands.

Doctor Carleton Simon of New York City, in an address before the Eastern Homeopathic Medical Association, had this to say about substitutes for drugs in the near future:

"I look for the establishment by international agreement of chemical plants where non-hall-forming synthetic substances will be prepared. Chemists will prepare for us on a commercial basis synthetic substances which will be identical in their chemical construction and in their physical effects as are the products derived at present from natural plants, and thus make it unprofitable to cultivate the natural products. Cocaine and heroin will in a short time be universally made synthetically, as is insulin."

MATHEWS TO REPEAT THEIR BIG SHOW

Repeating an amateur production is no easy task, particularly a show like the Mathews' "Follies and Frolics of 1921." Regarded by the great majority of those who attended as the distinct hit of the season, it is essential that the repeat performance should equal the initial presentation in every respect. Every care has been taken by the Mathew committee that next Tuesday evening's performance will conform to this rule exactly.

Fortunately for the success of the show, the talented entertainers who filled the leading roles have shown a commendable willingness to repeat their efforts. The program, therefore, will be absolutely unchanged. This means a great deal to prospective patrons, since the cast is considered one of the strongest ever grouped on a local program. The dancers who contributed so greatly to the variety of the production by their clever work in the dancing specialties will again perform in the repeat show and the chorus will be present in full strength. Rehearsals of the entire company will be held, starting this evening, and "Follies" Thornton will be on hand to put his charges through their paces in order to make certain that everyone will be keyed in the highest pitch for the big night next week.

It is possible that the end men will have a great deal of new comedy on their repertoires, since they are live wires one and all and are not likely to be satisfied with doing their old stuff over again. Their comedy last Friday night was amusing in the extreme and a great many original slants were put over. It is safe to predict that anything they may prepare for next Tuesday night will be equally good and original in every way. Gene Mullin's arithmetic, the slow motion baseball pantomime and the side-splitting antics of Lou Brennan, George Sullivan, Al Brauth, Tom Murphy and Charles Clancy convulsed their first audience, and the brilliant sextet may be relied on to provide an abundance of comedy.

Tickets are now available at the stores which assisted in ticket distribution for the first show, and the advance demand indicates a record attendance. All who desire to attend should make reservations at once.

PAID ELOQUENT TRIBUTE TO THE VIRGIN MARY

"The modern world needs the spirit of the Virgin Mary," said Mrs. Victoria Booth Demarest, evangelist, addressing a capacity audience of women at First Congregational church yesterday afternoon. Next Thursday afternoon the evangelist will speak again to women only, taking for her next subject the problems of the modern woman, love, marriage, motherhood and divorce. The Memorial Auditorium may be secured for the second meeting.

Mrs. Demarest gave an eloquent eulogy of Mary, the Virgin, calling her "the greatest woman in sacred literature." She declared that Protestant churches have been significantly silent regarding Mary and are now suffering the consequences of that silence. She referred to religious world troubles of more recent moment and declared that "the tendency of human nature is to go from one extreme to another, and so we have gone from the extreme of tyranny in history to the extreme in anarchy."

"We fell because she was selfish. She consulted her own desires. Have you heard it said, 'I want what I want when I want it'?" That was Eve. Mary was chosen because of her absolute forgetfulness of self. "Behold the handmaid of the Lord," she was her last consideration. God came first in her life.

"Faith rises above possibilities, into the world of the impossible. All generations may well marvel at the faith of Mary. They sent forth their own glorious sons, the Magi, and the whole world has marvelled at it. She had studied at the school of the Holy Spirit."

The evangelist concluded by saying: "There are very few that can stand the world, very few that can stand the radiant away of the disciples. But they that stand shall shine in its glory."

PASTEURIZED MILK

13 CENTS PER QUART

Beginning today distributors of pasteurized milk in Lowell and vicinity will charge 13 cents per quart and seven cents per pint for bottled lactated fluid.

This is a price-out of one cent and as predicted in The Sun yesterday, bound to come at this time as the natural result of greater milk supplies and a slightly curtailed demand owing to industrial conditions and seasonal supply reasons.

Last night's meeting of the market committee of the local milk producers was notable for its harmony and unanimity of opinion as regards the milk situation in Lowell and vicinity. Distributors have been discussing cutting prices for the past two weeks, and last night's action was not an abrupt move, having been long predicted as within the local milk distribution category of possibilities and absolutely necessary if the dealers were to continue to regularly dispose of their product.

Retail milk prices this year will be slightly lower all over New England as well as in Lowell, according to members who attended the New England Milk Producers convention in Boston, Wednesday.

A startling story of a stiff battle against a severe bronchial cough in which Allen's Lung Healer played the important role, is told by Carl E. Vose, well-known throughout New England as a traveling representative of a large varnish manufacturer. Here is the story:

"I have often heard how much Allen's Lung Healer has benefited others, but I doubt if anyone has got more benefit from it than I have."

"As a boy of 12 years I had acute bronchitis and for the past 18 years I have suffered more or less from a bronchial cough."

"A year or two ago I began realizing that the cough was getting the best of me. Whenever I caught the least cold the cough became unbearable, and soon the cough became chronic. It was so deep-seated and so irritating my bronchial tubes that it made my life miserable. Every time I coughed I thought I would break a blood vessel. I was afraid to laugh, was unable to sing, had to quit smoking, and could not enjoy my food. My sleep at night was interrupted by the congestion and the coughing."

"Then, after having been convinced that nothing could help me, I had tried almost everything, I bought a bottle of Allen's Lung Healer."

"Well, you can imagine my surprise and delight when the first bottle gave me a marked relief. The old 'whoosh' began to disappear. I have not finished my third bottle and I want you to know how I feel."

"The cough is gone. There is no more irritation, no more congestion, no more 'whooshing', no more waking nights, no more drenching myself the place of a blanket. I can now sing, laugh and eat to my heart's content. And I tip the scales at 180 pounds."

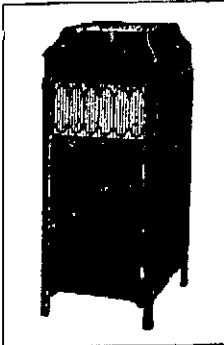

"You can imagine how grateful I am. Life is once more worth while living."

Sold in Lowell by A. W. Downs, Fred Howard, J. J. Brown, L. R. Brancich, Lowell Pharmacy, U. R. Campbell.

DANCING PARTY BY THE DRACUT GRANGE

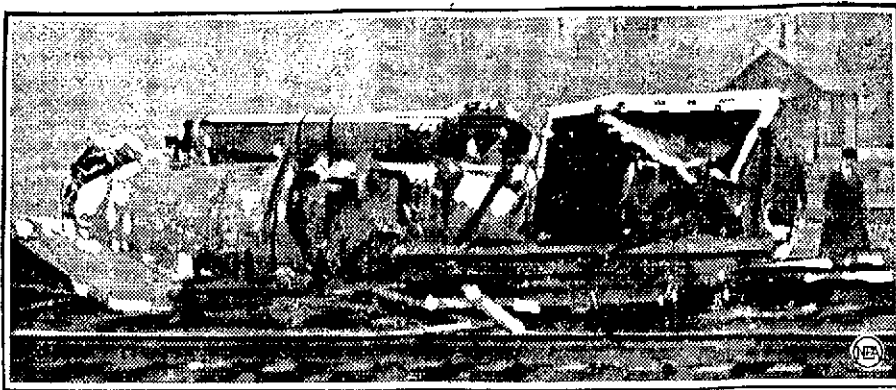

Dracut grange conducted a very successful dancing party last evening in Grange hall—the first organization social event of the New Year. Old-fashioned dances were included in the program and favors were distributed to all dancers. Ice cream and cake were served at intermission.

The enjoyable social was in charge of Master Harry L. Peavey, Overseer Frank R. Bryant, Steward Victor M. Clark, Treasurer Ida E. Whiteley, Assistant Steward T. Vincent, Entertainers Clara M. Chrysler, Chaplain R. Harvey Somers, Secretary Howard L. Large, Treasurer Harry M. Fox, Lady Assistant Steward Helen R. Hutton, Ceres Marion Peavey, Pomona Vera E. Brown, Flora Minnie E. Clifford, Executive committee: Luther A. Root, Edward W. Bennett and Hiram E. Linscott.

DIPHTHERIA CONTROL.
Dr. Charles E. Shapson of this city gave an interesting and decidedly helpful address Wednesday afternoon before the members of Howe high school Diphtheria Centre, his subject being "Diphtheria Control." The Lowell physician, who is a member of the state department of health, described with much detail some of his preventive measures now being recommended to combat diphtheria. Many mothers of the school pupils were in the afternoon audience.

BOY SCOUT MEDAL.
Thomas Smith, a pupil of the Bartlett school and a member of Boy Scout troop 32, St. Patrick's parish, will probably be awarded the Boy Scout medal for rescuing a drowning person. Young Smith assumed the role of hero when he helped rescue little Edith Landon from the waters of the Pawtucket canal last week. Alfred LeBlanc also figured prominently in the rescue.

FIRST FRIDAY OBSERVANCE.
Masses were celebrated in all Catholic churches in the city this morning in observance of the first Friday of February. Holy hour service will be held this evening. Tomorrow in the East of the Purification of the Mother of God. Candles will be blessed in the morning.

Desirable Drug Store merchandise, at consider-
ably reduced prices in all Liggett Drug Stores.

The Story of Rexall

TWENTY-ONE years ago forty progressive retail Duggists, inspired by Mr. Louis K. Liggett, combined to manufacture and distribute Drug Store merchandise. So well has this co-operative idea worked, and so sound were the policies and principles established, that today there are 10,000 Drug Stores selling Rexall and allied products in the United States, Canada and Great Britain.

The 280 Liggett Drug Stores, as part of this immense organization, take pride in this achievement, and to commemorate the TWENTY-FIRST REXALL BIRTHDAY we offer a representative list of Medicinal and Toilet Preparations fresh from our factories at radically reduced prices. The Rexall co-operative plan of manufacturing and selling on an enormous scale has made these reductions possible.

LADIES' NIGHT BY LOWELL GAELIC CLUB

A very successful ladies' night was held by the Lowell Gaelic club in its quarters at 327 Central street last night. About 80 members and their lady friends were present and enjoyed an impromptu entertainment by members during the early evening and general dancing later in the evening. The dance numbers consisted mainly of Irish dances and quadrilles, although a few modern dances were enjoyed during the evening.

The committee in charge of the affair comprised the officers of the club as follows: T. J. Sheffield, president; John P. Murphy, vice president; James T. Leonard, treasurer; John J. Leonard, financial secretary and William Devereux, recording secretary.

MEETING AT THE GREENHALGE SCHOOL

Miss Nathalie Marshall of the Lowell Guild spoke on "The Nutrition of Children" yesterday at the regular monthly meeting of the Parent-Teachers association of the Greenhalge school. She explained dieting, methods of food preparation, the necessity of sleep and recreation. She laid emphasis on the dangers arising from tuberculosis.

The following delightful entertainment program was given at the close of the talks: Piano selections, Miss Viola Burns; violin solo, Miss Angela V. O'Brien; accompanist, Miss Frances O'Brien; costume dance, Miss Jeanette Steinberg and Donald Lavener; reading, Mrs. Mary Falvey Marshall.

At the business session which closed the meeting the following committees were appointed: Program committee, Miss Gilbert; chairman, Miss Lucy Desmond; Miss Brooks; Miss Chalifoux; Mrs. Burrie; Mrs. Covey and John G. Wolcott. Social committee, Mrs. Cluff; chairman, Miss Alice Masterson; Miss Muldoon; Mrs. Garvey; Mrs. Oten and Mrs. Knutson. Membership committee, Miss Cochrane; chairman, Mrs. Vengarie; Mrs. Cochrane; Mrs. Fox; Miss Mary Dudley. Tross committee, John G. Wolcott.

NAVY CLUB DANCE AT ASSOCIATE HALL

Tonight is the night when the members of the Lowell Navy club will "rise and shine" at Associate hall on the occasion of the first dance run by the former tars. There is no doubt of the success of the affair, the advance sale having already taken 400 tickets.

for distribution and as many more promised. The purpose of the dance is to help in retting the club away to a successful start for the year by giving the treasury sufficient funds to promote sporting events in the summer and a Navy day next October that will be a hummer. The club also hopes that it will be able to run a real naval ball next year, instead of a dance. Special music and maritime features and decorations have been provided for this evening, and Harold J. O'Brien, dance committee chairman, reports that officers from the Boston crew of the navy will be present. Tickets will be sold at the door.

The officers of the dance tonight are as follows: Skipper, Fred Emerson; Executive Officer, Francis Howard; Paymaster, Harold O'Brien; Officer of the Deck, Horatius B. Leggat; Junior Officer of the Deck, Arthur Moran and Quartermaster, Leo Robbins.

TELEPHONE ALARM FOR GRASS FIRE

A telephone alarm at 10 o'clock last night called the fire apparatus to a fire in the rear of 1939 Middlesex street where a grass fire was in progress. It is believed the fire was started by sparks from a locomotive. There was no damage, but don't forget the date of the grass fire, Jan. 31.

LOWELL BANKRUPTCIES

Charles S. Turvey, local electrician, has filed a voluntary bankruptcy petition in the U. S. bankruptcy court, Boston, listing assets at \$500 and liabilities at \$192. Payson Bros., for \$200, is the largest secured creditor and A. G. Pollard Co., for 137, the largest unsecured creditor.

An involuntary petition was yesterday filed against Louis Siegel, 127 Chelmsford street, who maintains a clothing and men's furnishing business at 353 Middlesex street. Creditors are Flewce & Potter, \$52; Dreyfus & Son, \$45; and Shecht Bros., \$47.

Home Made Cough Mixture Considered Best

Spreads Over Membrane, Soothes,
Heals and Stops Cough Almost
Instantly

Costs But a Trifle

Make your own cough syrup in two
minutes at home if you want the best.
Simple coughs, or stubborn coughs, it
doesn't matter which, this home made
mixture will stop them quicker than
any expensive cough syrup you can
buy ready made.

It's fine for chest colds too and for
acute nasal catarrh.
Get from any druggist one ounce of
Paralmin (double strength)—to this add
a little granulated sugar and enough
water to make one half pint—that's all
there is to it, and children like it.

Like a soothing, healing poultice one
costly substance in this home made
cough mixture spreads itself completely
over the membrane of the throat. This
causes the most stubborn lung-on
cough to cease almost instantly. No
ordinary slow-acting cough syrup con-
tains this expensive ingredient.

And remember—any remedy that
overcomes catarrh, partially or wholly,
is bound to be of benefit to those who
are troubled with head noises and
catarrhal deafness.

Get Paralmin and get better.—Adv.

Mounts. Flowers of rare and radiant
hues bedecked the head table where
President Frederick G. Humphris sat
centrally enthroned.

Up from Lynn and the Lynn Kennel
club headquarters came Dr. Frank
Zimmerman, famous ribbon winner,
with fancy canine strings. Judge M.
J. Donlan was also there—another
royal Lynn roger and New England's
best judge of Boston terriers.

Cigars were lighted shortly before 9
o'clock and President Humphris in-
troduced the mayor's secretary, Mr.
Glasheen, who brought the mayor
sollicitous regrets at being compelled
to cancel his kennel club engagement
for reasons of municipal import. Mr.
Glasheen testified to his faith in the
organization's rich benefit to the com-
munity and dogdom and declared the
mayor felt the same way.

Former Mayor Thompson, in thir-
teen years of a mingling party of real so-
ciable folks like Kennel Kingdom
boosters, got the nicest greeting pos-
sible and made a speech that hummed
with good cheer and well wishes. A
few stories with new Thompson an-
agrams, a little serious advice, praise
for the kennel club's support of Low-
ell Guild, a short but scintillating re-
view of the history of the justly fa-
mous Thompson home-tied airdate
with the raucous temperament, and
the ex-mayor's offering went into the
records on first page.

After the Thompson healthy in-
jection of vivacity into the party, the
program went merrily forward. Music
was on the way, and the clubmen and
guests hummed gaily to the violin
solos by Winfield Guild, the piano se-
lections by Miss Edith O'Brien and
readings by Miss Doris Wilde.

President Humphris read his an-
nual report, covering Lowell Kennel
club activities in 1923 and outlining
the program for this year. He made a
strong plea for full support of the new
club officers and program they will
soon announce, and declared that the
Kennel organization stood high in
American sporting circles today be-
cause of strong support always re-
ceived with a degree of enthusiasm
that he was proud to acknowledge.

Among others called upon to address
the banquet were William E. Pot-
ter, president of the Lowell Humane
society; Thomas H. Braden and Frank
H. Hayward of Haverhill.
Invitations were received from the
Haverhill Kennel club's A.K.C. show,
to be held down the river tomorrow
evening. Many Lowell dogs have been

entered in the exhibition lists and
hoped to capture good money. A de-
legation of 76 enthusiastic members is
planning to represent the Lowell club.
The local organization announces an
all-breed puppy show for the March
meeting in Odd Fellows hall.
Last night's banquet committee con-
sisted of William Bell, chairman; Ar-
thur Dyer, Mrs. Elizabeth Westcott,
Mrs. James Kirkpatrick, Jack McKen-
zie and Allen Williams. President
Humphris acted as toastmaster.

CHILD INJURED BY AUTOMOBILE

Karl G. Woessner, of 48 Fruit street,
struck a little girl, 6 years old, this
morning while driving down Gorham
street, near Chambers. She was taken
to St. John's hospital, where an X-ray
will be taken to determine the extent
of her injuries. She is not thought
to be seriously injured. The hospital
reports her name as Virginia Ram-
sey.

SPECIALIST RUSHES TO VENIZELLOS' BEDSIDE

ATHENS, Feb. 1. (By the Associated
Press)—Minister of Justice Karamanlis,
who continues to be regarded as the
probable successor of Premier Veni-
zellos, should the latter decide to re-
sign because of his illness, explained
to the national assembly last night that
the present government would attempt
to carry on for the present.

Earlier in the evening, the cabinet
met at Venizelos' bedside and accepted
his promise to retain the premiership
until he had received the verdict of the
heart specialist who is liberating from
Paris to examine him.

This appears to indicate that the mi-
nistry will remain in power at least un-
til next Monday. It is hinted mean-
while, that should the republicans in
the absence of the premier from the
assembly, succeed in winning over
enough Venizelist deputies to pass

ARMY AIRMEN PLAN BIG FLIGHT

CRISTOBAL, Canal Zone, Feb. 1.—
Three army airplanes will start from
Guatemala to Balboa next Monday.
It will be the longest overland flight
ever attempted from the isthmus. The
planes will carry mail, will be com-
manded by Maj. Roycroft Walsh, and
will make stops at the Central Ameri-
can capitals. The aviators will chart
airways and locate landing fields in
the different countries.

Officials here believe the flight will
be the forerunner of a regular air mail
service between the isthmus and Cen-
tral America. The planes are expec-
ted to reach Guatemala City on Feb. 12.

It is believed the premier can be per-
suaded to make such a concession in
view of the chaotic situation into which
his resignation undoubtedly would
plunge Greece.

Hair Often Ruined By Careless Washing

Soap should be used very carefully,
if you want to keep your hair look-
ing its best. Many soaps and prepared
shampoos contain too much free al-
kali. This irritates the scalp, makes the
hair brittle, and ruins it.

The best thing for steady use is
mildly alkaline coconut oil shampoo, which
is pure and greaseless, and is better
than anything else you can use.

Two or three teaspoonfuls is suf-
ficient to cleanse the hair and scalp
thoroughly. Simply moisten the hair
with water and rub it in. It makes
an abundance of rich, creamy
lather, which rinses out easily, re-
moving every particle of dust, dirt,
dandruff and excess oil. The hair
dries quickly and evenly, and it leaves
the scalp soft, and the hair fine and
silk, bright, lustrous, fluffy, wavy,
and easy to manage.

You can get Mulsified Coconut
Oil shampoo at any drug store; it is
inexpensive, and a few ounces will
supply every member of the family for
months.—Adv.

Domestic Heroines in Our Homes

Women who lead a domestic life
seem to listen to every call of duty
excepting the supreme one that tells
them to guard their health. As long
as they can drag themselves around
women continue to work. Necessity to
keep on their feet all day when over-
tired, or sitting in cramped positions
day in and day out often brings on
ailments from which women suffer
torments. For fifty years Lydia E.
Pinkham's Vegetable Compound has
been strengthening women and over-
coming such ailments. Sickness and
pain vanish under its influence and
thousands of women have been bene-
fited by it.—Adv.

This Little World

LONDON
BY MILTON BRONNER,
N.E.A. Service Writer

LONDON, Feb. 1.—A deadly dull blight has settled upon London theatres, probably until April. It's an annual disease called "pantos," British for pantomimes.

Because in the days of their great grandfathers, the theatres used to be given over in the Christmas season to the pantomime form of entertainment, the managers do the same now. Dramas, operas, comedies are swept off the boards.

The pretense here is that the pantos are put on for the delight of the children because Christmas is their season. But the pantos go on and seemingly forever and they draw packed houses nightly—of adults.

There is one phase of tipping that is unknown in the states because Uncle Sam wouldn't tolerate it. Here, when Christmas comes, your faithful letter-carrier doesn't rely on your generosity. He practically demands it.

The men who serve you delegate one of their number as collector. He enters the names of all the people on their joint beat. Then he presents the book to the various neighbors and they are supposed to write down the amounts of kate they are willing to contribute to the postman's Christmas box.

And the British postal authorities don't even bat an eye.

I ran across Sinclair Lewis, famous American novelist, the other day in Fleet street. Lewis by now knows his London and Paris as well as or even better than he knows New York. He told me he had to spend the summer at Fontainebleau near Paris and is now living here.

We went to the place where his

next novel is being written. It's a delightful room in the Temple, that enclosure sacred to the legal profession of London. Many people wouldn't think it delightful, because the room is not particularly bright and it is heated by a little grate fire. But it has something you could get nowhere else in London and not at all in rushing New York or any other big American town—absolute quiet and isolation.

Away from the hankers and the gossip.

SERVICE BOARD HOLDS ROUTINE MEETING

The board of public service held a routine meeting yesterday at 4 p. m. with all members present. Councilor Thomas McFadden and Frank K. Stennis also sat in with the board for a while in connection with desired improvements in their respective districts.

The board was very glad to receive a letter from the Granite Paving Block Manufacturers' association, containing congratulations on the excellent street work accomplished last year and saying that by re-cutting granite blocks for permanent paving a saving of \$2.50 per square yard was effected. The letter came from James J. Tobin, field engineer of the national association.

Albert E. O'Hair appeared before the board relative to the condition of Clark road and the engineer was authorized to prepare plans and estimates necessary to carry out an agreement made several years ago with the abutters when land first was given for widening the street.

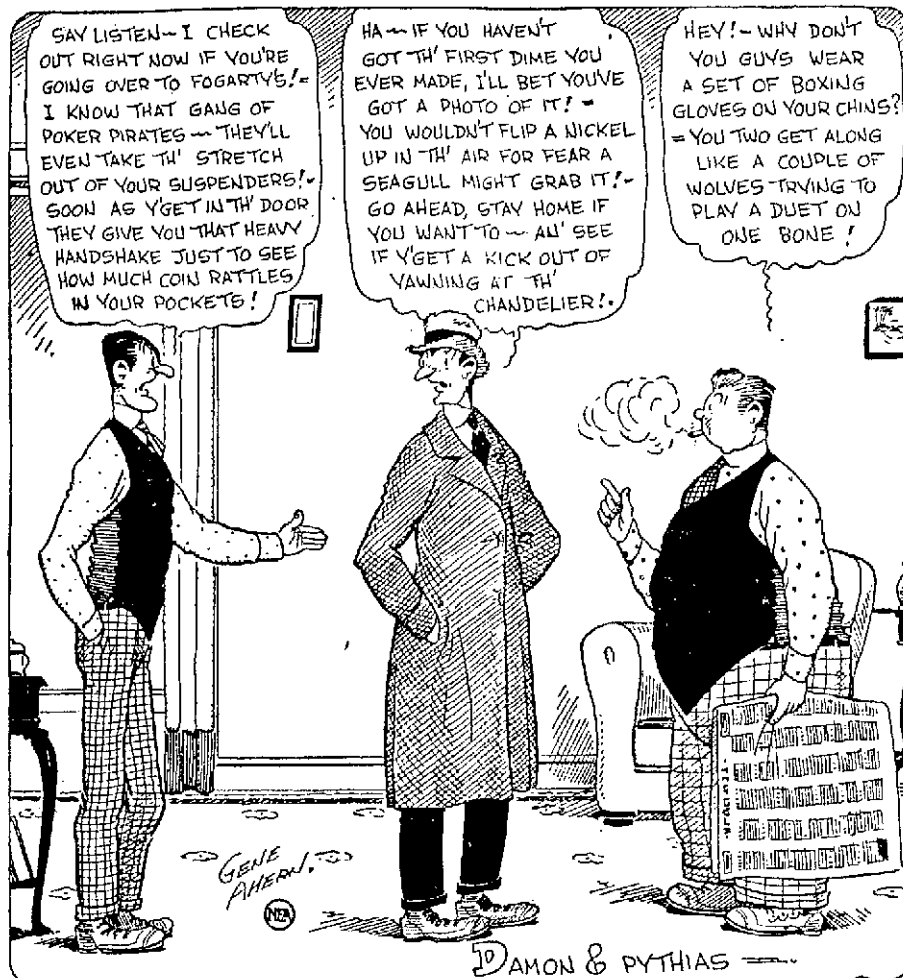

The request of James P. Fitzgerald, storekeeper at the city stables, for salary increase from \$1400 to \$1500, was taken from the table and the petitioner given leave to withdraw.

George W. McElroy, harness maker at the city stables, requested an increase from \$30 to \$35 a week. He has not received any advances in wages for several years and his petition was granted.

The next meeting of the board will be held Thursday afternoon, Feb. 7, at 3 o'clock.

Union Labor Stands By Its Friends

Union men are pointing with pride to the fact that the Elcho Cigar, which is the only cigar advertised as Union Made, is becoming the big cigar in New England.

The Elcho Cigar, made from the expensive long Havana filler, is negotiating for one of the largest factories in Boston. Remember the

Elcho is the highest wholesale priced cigar, but the retail price to the smoker is the same as other so-called popular brands.

The Elcho increase means that Union Labor stands by its friends and that Union Labor is waking up. - Advertisement.

FIRPO TURNS DOWN RICKARD'S OFFER

BUENOS AIRES, Feb. 1.—Luis Firpo has received a cablegram from Jack Rickard saying: "I will equal any genuine offer you have to box Willie Dempsey or both."

Firpo said he would inform Rickard in reply that he preferred the offer of \$250,000 for a fight with Harry Williams brought by Hugh Garland from the

Raymond syndicate. He has accepted this contract.

The boxer added that he expected an agreement on the motion picture rights and other details of the proposed bout would be reached in a few days, after which he and Garland would exchange final confirmatory telegrams with Raymond.

It is understood here that although Garland is acting as Firpo's trainer, their business relationship is that of partners.

DOUBLE 10 WINDUP BY COMMERCIAL A. C.

BOSTON, Feb. 1.—The first double windup staged in Boston in many months will be held at Commercial A. C. building, Huntington avenue, next Tuesday night, when Frank Moody of Bridgewater, and Ted Marchant of England meet Archie Walker of New York.

With four stellar ring performers in a double 10 windup, followers of the ring game will be handed the biggest fight of the year.

Moody, recent conqueror of Pal Reot in a decision bout at New Bedford, has won eight straight bouts since coming to the United States. He has won six of those by knockouts and in facing Bogash he is meeting a contender for the middleweight title. Moody, however, wants the best as he is anxious for a title fight.

Ted Marchant is the lightweight champion of England. He has been cleaning up Eastern lightweights since coming here. His most recent conquest was a knockout of George (K.O.) Chaney. In meeting Archie Walker, he tackles one of the best lightweights in the country. Walker has fought around New England, defeating such boys as Salter, John, Jack Bernstein, Al Coogan, Bobby Michaels, George (Kid) Lee and Johnny Williams.

Both of these bouts will be over the 10-round route, and it's the first time fans have been given an opportunity of seeing four such stars in action on the same card.

In addition to the double windup, two eight-rounders have been arranged between star boys. Jack Dillon rapidly climbing to the front, will meet Bob Leary, while Frank Moran, South Boston K.O. puncher, meets Young Ramsey of Weymouth.

DUNDEE GOT A MANAGER AFTER PULLING BONER

By N.E.A. Service

NEW YORK, Feb. 1.—Few persons know the inside story about Johnny Dundee and his decision not to manage his business affairs any longer.

Dundee, acting as his own manager, accepted what appeared to be a perfectly harmless match with one Eddie Kid Wagner in Philadelphia last summer and was badly beaten.

Dundee had not troubled himself to train. At the time he was matched to fight Benny Leonard for the ninth time, and a \$150,000 gate was in prospect. But after the Wagner upset, fans lost interest, and Dundee, then Jack back, and Jimmy Johnston, promoter, called the fight off altogether.

Later Johnston took Dundee aside and showed him what a terrible honor he had pulled by agreeing to meet Wagner with the rich Leonard match only two weeks away.

"I guess you are right," admitted Dundee. "What I need is a manager."

Johnston got the job, and is now trying to cook up another Dundee-Leonard match.

JOHNNY DUNDEE MEETS PAL MORIN TONIGHT

NEW YORK, Feb. 1.—Johnny Dundee, world's featherweight and junior lightweight champion, will temporarily don his titular regalia tonight to meet Pal Morin, New Orleans lightweight, in a 15-round match in which the winner will be eligible to meet Benny Leonard in a bout for his lightweight title.

Dundee's title will not be at stake, as both participants will weigh in over the junior lightweight limit of 126 pounds.

Among ring followers Morin is a favorite due to sensational knockout victories recently over White and Johnny Shingore. This will be the third encounter between Dundee and Morin.

In a 12-round, semi-final, Louis (Kid) Kaplan of Meriden, Conn., will meet Eddie Gray, Brooklyn featherweight.

HIGH SCHOOL TO MEET FITCHBURG TONIGHT

Capt. Tim O'Sullivan of the high school basketball team will lead his outfit against Fitchburg high in the latter city tonight and a close game is looked for. In the local annex a week ago, Fitchburg got away with an 11 to 9 victory over Lowell after one of the most bitter contests of the season.

Louis will return to the lineup this evening. He was out of the Townsend game because of illness, but has completely recovered and will jump into against Fitchburg. Capt. O'Sullivan and Georges will occupy forward positions, while the guarding will be done by Welch and Sutherland.

NOTED HORSEMAN TO RETIRE

CINCINNATI, O., Feb. 1.—Emil Herz, widely known horseman, announced here last night that he had decided to sell out the Short course stud operation and retire from the breeding business. The sale, which will be held the latter part of February, Mr. Herz said, will include all the thoroughbred breeding stock as well as the farm.

WOMEN'S INDOOR TOURNEY

NEW YORK, Feb. 1.—Such singles and doubles finals in the women's indoor tournament of the Heights Casino, Brooklyn, were on tomorrow's program.

In the singles Miss Lillian Seeman, New York, No. 1 in the national ranking, meets the winner of the semi-final match today between Mrs. Marion Z. Jessup, Wilmington, Del., and Miss Martha Bayard, Short Hills, N. J.

TEXTILE FIVE TO MEET FAST TEAM TONIGHT

Tonight in the textile school gym, St. John's college basketball team of Brooklyn, N. Y., will play the Textile Five.

Although in existence only a few years, St. John's has developed some excellent athletic teams, special attention being paid to basketball. Stars from leading colleges were induced to enroll at the Brooklyn institution with the result that extraordinary teams have sported the colors. The boys come here this evening confident of departing with another victory.

HAVERHILL FOOTBALL SCHEDULE

Haverhill high's 1924 football schedule, just released, shows the Lowell high team dated Feb. 8 at the Haverhill stadium. The complete schedule is:

WARD ONLY YANKEE TO GET INCREASE

NEW YORK, Feb. 1.—All the world's champion New York Yankees, except Babe Ruth, were mailed 1924 contracts today by Secretary Barrow, and it was understood that only one provided for an increase. Ruth has a five-year contract, and Aaron Ward, second baseman, gets the boost.

JOHANN WINS BILLIARD TITLE

PHILADELPHIA, Feb. 1.—Joseph Johann of New York is the new class B national amateur 152 ballline billiard champion. He won the title last night by defeating Ferdinand Unger of Montclair, N. J., in the final round of the tournament which had been in progress more than a week.

Each of the six contestants played five matches, the new champion all but one of his, Earl Drucken Miller, Philadelphia, and George Crookston, Pittsburgh, with three victories and 147-158.

O'Brien's Clothing Expansion Sale

offers a rare opportunity to stock up on men's fine furnishings at 1-3 off reg. prices

We have long needed more room to expand our clothing business. After striving, without result, to secure additional space, we have decided to discontinue our Men's Furnishings Dept. Hats and Caps will be retained with our Men's Clothing.

We are closing out our entire stock of Men's Fine Furnishings. Every article is reduced in price. Manhattan and Chainbill Shirts, E. & W. and Arrow Collars, Yale Underwear, Interwoven Hose—all are marked at about cost—some less—to dispose of the stock to our customers in the shortest time possible.

Save 1-3 the price on these Garments:

Jack Daw's Adventures. Chapter 2

Jack glided along for a short time and then discovered that Flip had stopped barking. He wondered why, so turned and looked back. Then he discovered Flip almost buried in snow, but still traveling at a fast pace down the hill. Flip wasn't being hurt so Jack laughed heartily.

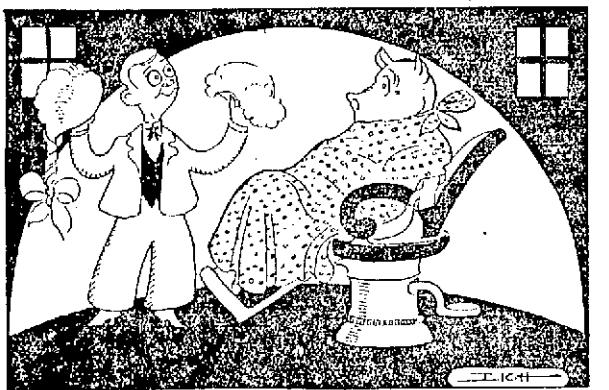

"Come on, Flip!" shouted the little adventurer. And just then Flip rolled right on past his master. Jack made a grab for his dog and lost his balance. And in an instant he too was sprawling in the snow. Fortunately there was a flat space just ahead and Jack stopped suddenly.

As he picked himself up out of a great bank of white, he spied Flip right beside him. "That was some slide!" shouted Jack. Then he helped his dog to his feet and once more got back on his skis. Walking to the edge of the flat space, he again pushed out and started sliding. (Continued.)

ADVENTURES OF THE TWINS

by Olive Roberts Barton

"This riddle," said the Riddle Lady, with a smile, "is about a most peculiar creature. I'm just about certain that nobody will guess it. Not even Nancy and Nick."

"What is it?" shouted everybody. "All begin at once," said the Riddle Lady, "but if anybody has worn the dunce-cap, he'd better go home and change. But there! This is the riddle."

"They have saucy snouts and curly tails. And bodies as round as milking pails. And they like to grunt and they love to squeal. And simply adore a good square meal."

"They eat sweet apples and corn and clover. And roll in the mud till they're plastered over. And root and dig with moisty noses. To find where the juiciest turnip grows."

"The story says that one day they went to town. These brothers, on pleasure bent. One went to market, one bought roast beef. And one got lost and came to grief."
